[Apr 14, 10:14 AM] Debbie : Hey, y'all from Georgia (US)
[Apr 14, 10:16 AM] Helen: Arlington Heights, IL
[Apr 14, 10:19 AM] Amy M. Burns: Facebook group for Teachers Using Jamboard:
https://www.facebook.com/groups/617239145862466
[Apr 14, 10:20 AM] Patricia: So, if students add a sticky note to something I'm sharing on my Jamboard, does their
sticky show up on my board>
[Apr 14, 10:20 AM] Marti   : Hello from NC.
[Apr 14, 10:20 AM] Amy M. Burns: @Patricia If you are sharing the board with them, yes.
[Apr 14, 10:21 AM] Sam Talmage: Can you monitor student sticky notes?
[Apr 14, 10:21 AM] Sam Talmage: Can students delete other student's work?
[Apr 14, 10:21 AM] Patricia: I should have been clear. If I'm on Zoom, sharing my screen, their notes don't show up
unless it's a shared board, not via my shared screen, correct?
[Apr 14, 10:22 AM] Amy M. Burns: @Patricia yes
[Apr 14, 10:22 AM] Amy M. Burns: @Sam I will place that on her questions at the end because my research is
showing various answers.
[Apr 14, 10:23 AM] Kirstie: Can you create multiple pages like a Powerpoint?
[Apr 14, 10:23 AM] Amy M. Burns: @Kirstie yes. We did this in a PD last month.
[Apr 14, 10:23 AM] Kirstie: Great, thank-you I'll check it out later :)
[Apr 14, 10:23 AM] sebasalik: You can create multiple frames within a Jam. I think that the limit of frames in a Jam
is 20.
[Apr 14, 10:24 AM] sebasalik: Frames can work like slides in Powerpoint.
[Apr 14, 10:24 AM] Amy M. Burns: According to google, "Jamboard supports up to 16 touchpoints at once on a
single device. An entire class can join the same jam from other Jamboards and phones and tablets with the
Jamboard app."
[Apr 14, 10:25 AM] Kirstie: Thank-you
[Apr 14, 10:25 AM] Amy M. Burns: As for pages or frames, "Create a Jam and add up to 20 pages per Jam that can
be shared with up to 50 students at once in real time. "
[Apr 14, 10:26 AM] Helen Collis: If the pen is tricky to use what do you use?
[Apr 14, 10:27 AM] Amy M. Burns: @Helen I will add that to Katie's question list at the end.
[Apr 14, 10:27 AM] Helen Collis: Thank you Amy!
[Apr 14, 10:28 AM] Theresa: can you embed a song in it?
[Apr 14, 10:29 AM] Amy M. Burns: Pointer gifs: https://giphy.com/explore/pointer
[Apr 14, 10:29 AM] Amy M. Burns: @Theresa she is about to explain this I believe.
[Apr 14, 10:30 AM] Amy M. Burns: Type an emoji: "control" "command" "space bar"
[Apr 14, 10:30 AM] Patricia: I've never used Jamboard, so perhaps this is a dumb question: If I share the listening
lesson Jamboard with several students, how do I see or know who's sticky notes are whose? In other words, do
they all add to their own copy of the same Jamboard, and then I somehow see each individual's responses, or do
they all show up on the same Jamboard?

[Apr 14, 10:31 AM] sebasalik: When doing group activities with Jamboard, I ask my students to choose a color for their sticky notes. They then tell me what color they have selected.
[Apr 14, 10:32 AM] Carole Burkhardt: patricia, I think maybe their google name goes on their slide? does someone know if that's correct?
[Apr 14, 10:32 AM] Amy M. Burns: @Patricia I am looking at my PD jamboards
[Apr 14, 10:32 AM] Amy M. Burns: and they do not have their names on the stickies.
[Apr 14, 10:33 AM] Amy M. Burns: @Patricia let me add it to Katie's questions.
[Apr 14, 10:33 AM] Patricia: Thank you all!
[Apr 14, 10:37 AM] Amy M. Burns: https://www.canva.com/education/
[Apr 14, 10:37 AM] Helen Collis: How do you pop things in from outside onto Jamboard?
[Apr 14, 10:38 AM] Daphne: Thank you the staff with clefs would be much appreciated.
[Apr 14, 10:38 AM] Amy M. Burns: @Helen Do you mean add items to jamboard or animations?
[Apr 14, 10:39 AM] Amy M. Burns: Katie's free notation images: https://midnightmusic.com.au/2013/06/the-big-free-music-notation-image-library/
[Apr 14, 10:39 AM] Irene: I'm new to Jamboard. Went to jamboard.google.com
[Apr 14, 10:39 AM] Irene: Not sure what to do next.
[Apr 14, 10:40 AM] Amy M. Burns: @Irene First try writing on it with the tools there. It is an interactive whiteboard.
[Apr 14, 10:40 AM] Kirstie: Can you play audio from Jamboard?
[Apr 14, 10:43 AM] Amy M. Burns: @Kirstie I am adding this question because I am not seeing it in an obvious way.
[Apr 14, 10:43 AM] Kirstie: Awesome, thanks Amy
[Apr 14, 10:43 AM] Amy M. Burns: @Sam She answered the question about deleting the work.
[Apr 14, 10:44 AM] Sam Talmage: Thank you!
[Apr 14, 10:44 AM] sebasalik: Here's an audio idea that I've tried. When searching for an image, type the name of a piece of music and the performer (name of piece+performer name). I've been able to get a YouTube link to come onto the Jamboard and the video will play.
[Apr 14, 10:45 AM] Kirstie: Ok, thanks
[Apr 14, 10:46 AM] Amy M. Burns: @sebasalik Katie's wish #2 would be so helpful to get those youtube videos in Jamboard.
[Apr 14, 10:47 AM] Patricia: Can you create drag and drop activities on Jamboard?
[Apr 14, 10:47 AM] Amy M. Burns: https://www.whiteboard.chat/
[Apr 14, 10:48 AM] Amy M. Burns: @Patricia You could because it does allow you order items on the screen.
[Apr 14, 10:56 AM] Amy M. Burns: If you are following on whiteboard.chat you can find the dice in the tools (there are two musical instruments in there as well).
[Apr 14, 10:57 AM] Chrys Stevenson: Good evening from Indianola, MS. I teach 4 - 6th grade General Music.
[Apr 14, 10:58 AM] Amy M. Burns: Hi @Chrys!
[Apr 14, 11:02 AM] Patricia: Also, Add Media is GREAT for accessibility, for students who need audible instructions! Cool!
[Apr 14, 11:03 AM] Daphne: Wahoo! Music manipulatives! Amazing!
[Apr 14, 11:03 AM] Amy M. Burns: @Daphne Yes!
[Apr 14, 11:09 AM] Amy M. Burns: In the tools, add the interactive xylophone and place the notation on the same page and the students can play the song all within whiteboard.chat
[Apr 14, 11:10 AM] Jim K: Amy do you mean xylo?
[Apr 14, 11:12 AM] Amy M. Burns: In the whiteboard.chat tools, there is an interactive xylo built in. Here she is going to show it.
[Apr 14, 11:12 AM] Theresa: do students have to give personal information? like first and last name? Our board won't allow us to use anything where the students have to sign up to something
[Apr 14, 11:13 AM] Jim K: Wow! Very cool!
[Apr 14, 11:14 AM] Nicole Miller: Does Whiteboard.chat have an Alto clef symbol ?
[Apr 14, 11:14 AM] Amy M. Burns: @Nicole I am not seeing it, but if you wrote them and asked them, they would probably add it!
[Apr 14, 11:16 AM] Kirstie: What's the privacy like on Whiteboard.chat - could it be used as an assessment tool to have all your students record a video?
[Apr 14, 11:16 AM] Laura Jenks: Is there a maximum number of students who can be working on either of these?
[Apr 14, 11:17 AM] Julie: Hi Julie here from Ballito, South Africa. Teaching early years - Grade 9s

[Apr 14, 11:17 AM] Amy M. Burns: @Kirstie and @Laura I am adding your questions to her list.
[Apr 14, 11:17 AM] Danche Agapieva: Love the virtual piano!
[Apr 14, 11:17 AM] Kirstie: Thank you Amy
[Apr 14, 11:19 AM] Amy M. Burns: The drop zone could be used for an instrumentation game.
[Apr 14, 11:20 AM] Amy M. Burns: midnightmusic.com.au/pdwhiteboard
[Apr 14, 11:21 AM] Amy M. Burns: The link does work
[Apr 14, 11:21 AM] Amy M. Burns: Next webinar: Mid May Soundtrap/Bandlab/Garageband Lesson Ideas!
[Apr 14, 11:21 AM] Amy M. Burns: Mid June - Free Tech Resources!!
[Apr 14, 11:22 AM] Julie: Is there a way to end Jamboard (etc) access for students? It can be hard to get their attention back...
[Apr 14, 11:23 AM] K: Julie - change the "Share" settings - turn off their access
[Apr 14, 11:23 AM] Julie: @K - Thanks!
[Apr 14, 11:24 AM] Audrey: Can you put the PD certificate link up again?
[Apr 14, 11:25 AM] Carole Burkhardt: midnightmusic.com.au/pdwhiteboard
[Apr 14, 11:26 AM] Amy M. Burns: midnightmusic.com.au/pdwhiteboard
[Apr 14, 11:26 AM] Theresa: Yay! Thanks! That is an attractive thing
[Apr 14, 11:27 AM] Audrey: Thank you!
[Apr 14, 11:29 AM] Laura Jenks: Thank you!
[Apr 14, 11:29 AM] Nicole Miller: Have you created some additional lessons that we can use with our students to get us started ?
[Apr 14, 11:30 AM] Laura Jenks: If the students are making a copy, do they not see the other student's answers as well?
[Apr 14, 11:31 AM] Chrys Stevenson: I did join this webinar late. Is this the same whiteboard on Zoom or where do you find these whiteboards?
[Apr 14, 11:32 AM] Amy M. Burns: @Chrys jamboard.google.com
[Apr 14, 11:32 AM] Nicole Miller: Does whiteboard.chat have string instruments ? We could use diagrams of fingerboards ?
[Apr 14, 11:33 AM] Kirstie: I was thinking about this - it could be done with images
[Apr 14, 11:33 AM] Amy M. Burns: @Nicole I was not seeing one, but I agree with @Kirstie.
[Apr 14, 11:34 AM] Jane: What is the xylophone that you can download to your desktop?
[Apr 14, 11:34 AM] Chrys Stevenson: Thanks, Ms. Amy.

[Apr 14, 11:46 AM] sebasalik: Hi, I'm Susan Basalik and yes, I've made it work!
[Apr 14, 11:47 AM] sebasalik: I've tested it with Ella Fitzgerald's Tisket a Tasket.
[Apr 14, 11:50 AM] sebasalik: Sorry that my idea didn't work. I'm not having a lot of success tonight. Just like my Phillies are having with the Mets :(
[Apr 14, 11:51 AM] Carole Burkhardt: could you add a link on the picture like you can do in a slide?
[Apr 14, 11:51 AM] Carole Burkhardt: I mean for the video
[Apr 14, 11:54 AM] Kirstie: Can you use Jamboard or Whiteboard.chat into a Powerpoint?
[Apr 14, 11:54 AM] Carole Burkhardt: that would be perfect
[Apr 14, 11:58 AM] Brielle: Thanks so much Katie and Amy. Gotta go. Loved this session. Very informative as always. New tech to play with before school starts.
