[Apr 3, 11:19 AM] Mezz: Rats, can't get 2 students to play together:
(
[Apr 3, 11:19 AM] Guest4940: woof
[Apr 3, 11:19 AM] Suzanne Petersen: which webcams?
[Apr 3, 11:19 AM] Hugh McKelvey: Debbie Ratten - it's just slides at the moment
[Apr 3, 11:19 AM] Will Tyrer: she'll explain later
[Apr 3, 11:19 AM] Mel Knowles: Have you tried Jamkazam for ensemble playing?
[Apr 3, 11:19 AM] Guest9411: Currently you should see slides only and hear Katie's voice.
[Apr 3, 11:19 AM] Debbie Ratten: Thank you.
[Apr 3, 11:20 AM] Guest5412: debbie thats fine- Katies showing us her screen with the slides
[Apr 3, 11:20 AM] Guest6958: Woof~
[Apr 3, 11:20 AM] Guest572: thanks 3831
[Apr 3, 11:20 AM] Kat Tsyrlin: I did all lessons on Skype last week

and sent video messages of all their tech and pieces to play along with at home, with no time lag. It worked well!

[Apr 3, 11:20 AM] Guest9651: Zoom question – how can you prevent unwanted guests logging in?

[Apr 3, 11:21 AM] Guest6112: Hi

[Apr 3, 11:21 AM] Guest6958: 9651 – you can invite by URL link, so only people with the link can enter

[Apr 3, 11:21 AM] Ewan: You can either set waiting room or a password in Zoom.

[Apr 3, 11:21 AM] Guest2250: There is a password option for zoom.

[Apr 3, 11:21 AM] Guest2250: Passwords advisable now after ABC article

[Apr 3, 11:22 AM] Bek Cowled: what about Microsoft Teams?

[Apr 3, 11:22 AM] Christopher: we used Microsoft TEAMS

[Apr 3, 11:22 AM] Mel Knowles: Microsoft Teams is great.

[Apr 3, 11:22 AM] Guest8716: Our College is using Microsoft Teams

[Apr 3, 11:22 AM] Guest1491: We use MS Teams at Bialik

[Apr 3, 11:22 AM] Connor Taylor: what about google chat?

[Apr 3, 11:22 AM] Christopher: also MLC Melbourne

[Apr 3, 11:22 AM] Kat Tsyrlin: Our school (Blacky High) is going with Microsoft Teams for all lessons next term, but we're hoping to embed Zoom for IMT

[Apr 3, 11:23 AM] Mel Knowles: Skype works pretty well.

[Apr 3, 11:23 AM] Kat Tsyrlin: I'm scared of the complicated Zoom audio settings!!

[Apr 3, 11:24 AM] Guest2442: There is now a music program , Cubase 10.5 that claims real time playing and recording is possible with sample accurate audio, in real time. There is also some older software that I forget the name of that can apparently able to do the same.

[Apr 3, 11:24 AM] Guest1491: interesting to see if the school will allow an alternative system just for the IMT's Kat. Bialik I think will just stay with MS teams

[Apr 3, 11:24 AM] Guest9909: Our independent school is using Skype for business

[Apr 3, 11:24 AM] Kees Dogger: Webex?

[Apr 3, 11:25 AM] Julia8927: how do I know if I have the latest version of zoom?

[Apr 3, 11:25 AM] Guest6395: we are using Webex, but I can't get it to work on my computer. the schools IT dept is going to work on it today.

[Apr 3, 11:26 AM] Ewan: Here's a youtube link to easily set up audio for instruments in Zoom. <https://youtu.be/50NoWIiYECA>

[Apr 3, 11:27 AM] Guest6675: Julia8927: It says it in app when you log in. Just updated then

[Apr 3, 11:27 AM] Kaliopi Stavropoulos: Thanks Ewan

[Apr 3, 11:27 AM] Kat Tsyrlin: Thanks Ewan!

[Apr 3, 11:27 AM] Julia8927: thanks, will check it out later

[Apr 3, 11:27 AM] Rob Gador: Thanks Ewan

[Apr 3, 11:28 AM] Isaac: it seems the original zoomraiders subreddit has been banned for violating Reddit ToS

[Apr 3, 11:30 AM] Chantelle Abela: I like option 2. Send the link without password . easy :)

[Apr 3, 11:31 AM] Guest6958: Is option 3 only available in paid

version?

[Apr 3, 11:31 AM] Guest9910: no

[Apr 3, 11:31 AM] Chantelle Abela: No you can use it on the free version :)

[Apr 3, 11:31 AM] Guest6958: I thought the free version has a 40min limit?

[Apr 3, 11:31 AM] Guest2250: You would need to upgrade zoom though for this right?

[Apr 3, 11:32 AM] Guest9910: on groups

[Apr 3, 11:32 AM] Guest6958: ah!

[Apr 3, 11:32 AM] Anne Begg: 40 minute is for groups of 3 or more

[Apr 3, 11:32 AM] Bek Cowled: I had an issue with option 3 on the free version as it went over the 40 mins

[Apr 3, 11:32 AM] Katrina: I think 1:1 is not limited to 40 minutes

[Apr 3, 11:32 AM] Ewan: You can do option 3 on free version but you'll need to log out around every now and then. It only takes a minute to log back in and continue with the same meeting.

[Apr 3, 11:33 AM] Kat Tsyrlin: Or can add the parent as contact if the students doesn't or can;t have a Skype account. The parent can also then see any messages about what they need to practice.

[Apr 3, 11:33 AM] Hugh McKelvey: Do both sides need the paid version of Zoom to go longer than 40 minutes or just the teacher?

[Apr 3, 11:33 AM] KatieW: Just the teacher Hugh

[Apr 3, 11:33 AM] Hugh McKelvey: Thanks!

[Apr 3, 11:34 AM] Katrina: No need Hugh. The pricing page of of zoom describes the differences

[Apr 3, 11:34 AM] Hugh McKelvey: Ok.

[Apr 3, 11:35 AM] Guest6958: Just curious - how many people paid for Zoom already?

[Apr 3, 11:35 AM] Julia8927: what's the best free metronome App please?

[Apr 3, 11:35 AM] Guest1590: What's the best way of recording an MP3 of me playing an excerpt on the piano that I can then email to my student (a "playalong track")? I've been recording audio using Voice Record Pro on my iPhone and then sending the file to my student. Is Voice Record Pro the best app?

[Apr 3, 11:35 AM] Guest6958: Julia - I like MetroTimer

[Apr 3, 11:35 AM] Guest4940: pro metronome is free and great

[Apr 3, 11:35 AM] Corinne: I use Simple Metronome. Works well enough

[Apr 3, 11:35 AM] Kat Tsyrlin: Tonal Energy TE Tuner is an awesome tuner, sound analysis and metronome app

[Apr 3, 11:35 AM] Guest7122: i like pro metronome as well

[Apr 3, 11:36 AM] Julia8927: thanks everyone!

[Apr 3, 11:36 AM] Hugh McKelvey: If you google "metronome" a free and easy to use metronome appears at the top of the page.

[Apr 3, 11:36 AM] John Grey: Is email considered "written permission"?

[Apr 3, 11:37 AM] Katrina: Free version of Pro metronome is great

[Apr 3, 11:37 AM] MaryM: whats the best way to send prerecord tracks to students such as warm-ups or backingtracks for a singing lesson and what do you recommend on how they play it on their end?

[Apr 3, 11:37 AM] Christopher: also in TEAMS

[Apr 3, 11:37 AM] Will Tyrer: if you type "metronome" into google one comes up automatically

[Apr 3, 11:38 AM] Christopher: i.e record function

[Apr 3, 11:39 AM] Guest6395: MaryM I use Sibelius to create backing tracks or there is a really good website called <https://www.karaoke-version.com/> that has backing tracks. You can customise them, change the key etc. they are really good quality. You have to pay for them but it saves lots of time.

[Apr 3, 11:39 AM] John Grey: For Zoom, I prefer to have the sound and video OFF at entry, and to actually turn them on when needed.

[Apr 3, 11:39 AM] Shelley: I can hear the student but not the backing track they are playing along with (even though they obviously can) Can anyone hear the backing as well?

[Apr 3, 11:39 AM] Helen Duggan : Play on another device

[Apr 3, 11:40 AM] Corinne: Any tips re copyright issues if student wants to show you something they're learning and taking a snapshot of their music score to be "on the same page"

[Apr 3, 11:41 AM] Hugh McKelvey: Good question Corinne...especially if the lesson is being recorded

[Apr 3, 11:41 AM] Kaliopi Stavropoulos: Karaoke Version costs \$2-3 per track.. but tac deduction and always yours available to alter the mix for various musci instruments/students

[Apr 3, 11:42 AM] John Grey: setting are always a cog-wheel

[Apr 3, 11:43 AM] CArolyn: What slide are you on Katie? Want to make a note of it.

[Apr 3, 11:44 AM] John Grey: Click the arrow next to the microphone icon

[Apr 3, 11:44 AM] Kat Tsyrlin: Yay, Zoom guide. Thanks Katie!!

[Apr 3, 11:44 AM] Guest4300: I have noticed that the virtual background reduces the bandwidht and creates problems with the video/audio

[Apr 3, 11:44 AM] Guest572: so on ipad or iphone can we disable the auto adjust ?

[Apr 3, 11:44 AM] Guest3498: Zoom Guide will be terrific

[Apr 3, 11:44 AM] Mark Shiell: That would be great!

[Apr 3, 11:45 AM] Sarah Hirst: Does anybody know, when sharing an iphone screen, if it's possible to rotate the screen view in view so that the iphone appears landscape, not portrait

[Apr 3, 11:45 AM] John Grey: Hi Mark

[Apr 3, 11:45 AM] Mark Shiell: Hey John :)

[Apr 3, 11:45 AM] Guest1491: Are there any MS Teams vids on line pposted by music peeps that focus on getting the best out of the program for Music teaching?

[Apr 3, 11:46 AM] Guest6958: Sarah H - yes

[Apr 3, 11:46 AM] Sarah Hirst: great! How?

[Apr 3, 11:46 AM] Guest1491: on YOuTube?

[Apr 3, 11:47 AM] Katrina: Can zoom do picture in picture? It would be great for the students to see my face and hands close up.

[Apr 3, 11:47 AM] Lisa MiniM: can you switch camera with phone if it's plugged into your computer via usb?

[Apr 3, 11:47 AM] Guest9910: yes

[Apr 3, 11:47 AM] Guest6958: Sarah H - I think you just need to tilt the phone screen?

[Apr 3, 11:47 AM] Sarah Keating: Is there any way of having two cameras on screen at a time? For example view of overhead piano and view of me?

[Apr 3, 11:47 AM] Suzanne Petersen: Which are the best web cams Katie?

[Apr 3, 11:48 AM] MaryM: hi sarah yes I believe you can

[Apr 3, 11:49 AM] Guest6958: Lisa M - yes, there's a button on the left bottom corner in Zoom which you can change the camera input

[Apr 3, 11:49 AM] Lisa MiniM: I got a wifi extender from JBHI to help

[Apr 3, 11:50 AM] Sarah Keating: Thanks Mary I'll look into it when webcam finally arrives if it does!

[Apr 3, 11:50 AM] Neil Wall: Command shift n on Mac also switches camera

[Apr 3, 11:50 AM] Sarah Hirst: Guest6958 - Thanks! I was overthinking it!

[Apr 3, 11:50 AM] Guest6958: Sarah K - for a second camera, I invite myself into the same meeting on a different account, on a second device

[Apr 3, 11:50 AM] Guest2250: Tiny house - 4 adults working from home - one vce...I will have to teach in the garage so needed to get another ethernet connection.

[Apr 3, 11:50 AM] Sarah Keating: Thanks for the tip Neil

[Apr 3, 11:51 AM] Guest9411: For hard wiring to internet - Ethernet cable good - 5m/10m options.

[Apr 3, 11:51 AM] MaryM: the other way you can do it is by using another device and being in the call for example using an iPhone of ipad and having the camera on (but sound off)

[Apr 3, 11:51 AM] Guest9910: Mine is 50m ethernet and works well

[Apr 3, 11:51 AM] Debbie: Can't always see both ends of guitar..i.e. left hand at fretboard, and right hand picking /strumming.. any tips?

[Apr 3, 11:52 AM] Julia8927: is that a cat metronome on the screen now?

[Apr 3, 11:52 AM] Mel Knowles: Two cameras?

[Apr 3, 11:52 AM] Guest2250: Got a long cable from Bunnings...connectors harder to get...they have some at JB.

[Apr 3, 11:52 AM] Sarah Keating: You can put your laptop on ironing board which is good for getting adjustable height

[Apr 3, 11:52 AM] Katrina: I want one of those mtronomes!

[Apr 3, 11:52 AM] Julia8927: me too!!

[Apr 3, 11:52 AM] KatarinaV: and me!

[Apr 3, 11:52 AM] Nadene: Ironing board - you can multitask!

[Apr 3, 11:53 AM] MaryM: where can you buy iPhone/laptop/ipad holvers for tripods or micstands?

[Apr 3, 11:53 AM] Terry Carrick: My suggestion for connecting your computer from a distance away is what's called a Powerline connection. Extends your network - very simple to set up and retains a great speed. Available at JB or computer shops for well under \$100

[Apr 3, 11:53 AM] John Grey: You will also need to go into your device sound controls. Windows does this via Settings, System, Sound, Sound Control Panel, Communications, select "Do Nothing", then Apply, then OK - this gives your laptop microphone direct sound

[Apr 3, 11:53 AM] KatarinaV: Mary M I bought one for my parents on Amazon

[Apr 3, 11:53 AM] Julia8927: is this chat also recorded for viewing

later ?

[Apr 3, 11:54 AM] MaryM: thanks Katerina. do you think it will arrive in time in this climate??

[Apr 3, 11:54 AM] Guest6958: audio interface! :-0

[Apr 3, 11:54 AM] Kat Tsyrlin: @sarah keating - ironing board to adjust laptop height, genius!

[Apr 3, 11:54 AM] Guest6958: what does an audio interface do??

[Apr 3, 11:54 AM] KatarinaV: I have no idea but they usually give you an estimate

[Apr 3, 11:54 AM] Hugh McKelvey: Audio interface looks like it's a mixer as well.

[Apr 3, 11:54 AM] CArolyn: Finally, a use for the ironing board!

[Apr 3, 11:54 AM] Charlotte D: Teaching piano and double bass will be fun organising different set ups!

[Apr 3, 11:55 AM] John Grey: You can select Cntrl-Copy (drag over text) on the chat text and save it for later in a Word file

[Apr 3, 11:55 AM] Guest572: what time does this session end. I need to go but its been fabulous

[Apr 3, 11:55 AM] Guest6958: Now I want a mixer!!!!

[Apr 3, 11:56 AM] Guest6958: I've spent \$200 on a mic already....

[Apr 3, 11:56 AM] CArolyn: Midday finish

[Apr 3, 11:56 AM] Guest9411: Hugh, it's a simple interface with gain control and enables connection from XLR mic to laptop via USB.

Alternative would be a USB mic direct to laptop. Genevieve

[Apr 3, 11:56 AM] Hugh McKelvey: Thank you Genevieve

[Apr 3, 11:56 AM] Guest3321: I think it's 12:30 finish

[Apr 3, 11:57 AM] Hugh McKelvey: I'd like to use my expensive Shure mike.

[Apr 3, 11:57 AM] Guest572: i ordered the web cam: thank you gave the link Janet

[Apr 3, 11:57 AM] Guest9411: 12:30 finish time.

[Apr 3, 11:57 AM] Guest8202: Hi Hugh, I was thinking the same, use my mixer & mic

[Apr 3, 11:57 AM] Guest572: ok watching later: bye all

[Apr 3, 11:57 AM] Guest3498: How do you connect a Shure mic?

[Apr 3, 11:57 AM] Guest9411: Advantage of mic on stand for cello is ability to move around and change direction/angle.

[Apr 3, 11:58 AM] Tim: more complicated than orchestral percussion....?

[Apr 3, 11:58 AM] Ewan: To connect a mic that doesn't have a USB connection you'll need an audio interface.

[Apr 3, 11:58 AM] Hugh McKelvey: I'm guessing that I could plug my Shure mic into an audio interface which would then connect to the laptop by USB.

[Apr 3, 11:58 AM] Sarah Keating: Very helpful photos thanks everyone

[Apr 3, 11:58 AM] Hugh McKelvey: SNAP

[Apr 3, 11:58 AM] Guest2250: Yes - photos are so good!

[Apr 3, 11:59 AM] Guest3498: Ok great

[Apr 3, 11:59 AM] MirandaB: <https://www.kmart.com.au/product/flexible-tablet-and-phone-table-bench-mount/2418826>

[Apr 3, 11:59 AM] MirandaB: Or something like this works too

[Apr 3, 12:00 PM] Guest6958: MirandaB - thank you, im getting it!!

[Apr 3, 12:00 PM] Guest3498: Thanks Miranda

[Apr 3, 12:00 PM] Katrina: Can the iphone be used as a separate

webcam on the mac? That would be a great second camera.

[Apr 3, 12:00 PM] John Grey: Anyone have a link to an Audio Interface Supplier?

[Apr 3, 12:00 PM] Sarah Hirst: Yes it can Katrina.

[Apr 3, 12:01 PM] Guest9109: What's the best audio interface to get?

[Apr 3, 12:01 PM] Guest3831: <https://factorysound.com/>

[Apr 3, 12:01 PM] Guest3498: Yes please – best audio interface?

[Apr 3, 12:01 PM] Nathan McNally: thanks for the drums i was wondering

[Apr 3, 12:01 PM] Katrina: Thanks sarah. How is that done? Two zoom sessions, or connecting to computer?

[Apr 3, 12:02 PM] Sarah Hirst: One person here does two zoom sessions, otherwise, use the share screen option and select iphone.

[Apr 3, 12:02 PM] Christopher: Laptop microphones are more sensitive than yo would think – best to move back from the instrument – especially drum kit! :)

[Apr 3, 12:02 PM] Katrina: Sharing screen means we can't see the student :(

[Apr 3, 12:02 PM] Neil Wall: Katrina. PocketCam is good for using a phone or iPad as a a second camera. Not sure how zoom goes with it though.

[Apr 3, 12:02 PM] Katrina: Thanks neil

[Apr 3, 12:03 PM] shevi: wouldnt logging in twice mean lagging?

[Apr 3, 12:03 PM] Debbie Ratten: No lagging

[Apr 3, 12:03 PM] Katrina: And twice the bandwidth

[Apr 3, 12:03 PM] Kaliopi Stavropoulos: Yes but which sound..

[Apr 3, 12:03 PM] Julia8927: <https://www.saxandwoodwind.com.au/Product/wittner-taktell-cat-metronome>

[Apr 3, 12:03 PM] Lisa MiniM: unreal!!! Love it!

[Apr 3, 12:03 PM] Sarah Keating: How would the sound work with this option?

[Apr 3, 12:03 PM] John Grey: Yes, Yes!

[Apr 3, 12:03 PM] Guest4940: yep– thats great!

[Apr 3, 12:03 PM] Debbie Ratten: Only one. Otherwise echoing.

[Apr 3, 12:03 PM] Lauren S: Should the students also have to do the same audio settings in zoom at their end?

[Apr 3, 12:03 PM] Guest6395: I used this last week. you need to turn of the mic on one of them so the sound doesn't come up

[Apr 3, 12:03 PM] Imelda: Yes

[Apr 3, 12:03 PM] Guest2250: Stacey. Genius! See, drummers are the most intelligent after all!

[Apr 3, 12:03 PM] Paula: I like it but do you need to invite twice?

[Apr 3, 12:03 PM] Guest9109: Yes

[Apr 3, 12:03 PM] Guest1279: Kinda thought about this before haha

[Apr 3, 12:04 PM] KatarinaV: Thanks Julia

[Apr 3, 12:04 PM] Peter Hagen: Could you log in as a second fictitious "student" joining the meeting?

[Apr 3, 12:04 PM] Guest9909: Very cool

[Apr 3, 12:04 PM] Guest4272: Thank you so much for the "simple" photos. I am not a tech savvy person, really appreciate it

[Apr 3, 12:05 PM] Katrina: We use the audio technica at2020 usb and it's brilliant

[Apr 3, 12:05 PM] Paula: Stadium Memphis \$79 JB Hifi is good

[Apr 3, 12:06 PM] Guest3775: I have the blue snowball, it's great

value and good for brass

[Apr 3, 12:06 PM] Guest4121: i have been using my Zoom H2 as a mic. Works well. Usb connected

[Apr 3, 12:06 PM] David Krycer: Rode is Australian (so you can ring them in Sydney if you have questions, as I did, very helpful!), I use it for live and studio.

[Apr 3, 12:07 PM] Katrina: Love Rode. <3

[Apr 3, 12:08 PM] Rob Gador: Thanks 4121. Great idea for the H2

[Apr 3, 12:08 PM] Guest9630: I have the 2 camera option using iPad and laptop. I sign into meeting on both devices and switch to gallery view so there is a screen with the overhead view of the keyboard, one of my face and one of the student. Works really well

[Apr 3, 12:09 PM] Neil Wall: A spot on your blog Katie where people can upload photos of their set up and description of the gear and connections could be good for us all to aggregate. People could choose what most suited their physical setup and tech availability.

[Apr 3, 12:09 PM] Lauren S: Should the students also have to do the same audio settings in zoom at their end?

[Apr 3, 12:09 PM] Amy Nic: That's my daughter!

[Apr 3, 12:09 PM] Guest9109: I saw that Amy!

[Apr 3, 12:11 PM] MaryM: good question lauren.... I think i'm going to try it first and then if there is issues to try get them to change....?

[Apr 3, 12:11 PM] Guest9411: Thanks for sharing Amy! Genevieve

[Apr 3, 12:11 PM] Guest1177: Same question as Lauren S. Does student have to tweak audio settings?

[Apr 3, 12:11 PM] Amy Nic: She thinks she's famous now haha!

[Apr 3, 12:12 PM] Hugh McKelvey: Amy - get her an agent!

[Apr 3, 12:12 PM] Guest9109: Totally ;) Rachel

[Apr 3, 12:12 PM] Guest4121: check out this re student setup, https://www.youtube.com/watch?v=j2T7Pck_cWs

[Apr 3, 12:12 PM] Eddie: If you usually keep your computer on and never turn it off, it is actually a good idea to reboot before a session. Start it all over and clean.

[Apr 3, 12:12 PM] Bek Cowled: we practiced as a student and teacher at home and did the swap thing to see what my students could see from my setup

[Apr 3, 12:14 PM] Andrew M: We have two professionals working from home and a student working online. Kicking people off isn't an option often!

[Apr 3, 12:15 PM] Guest4272: What if the kids at home also on internet as they have online schooling? I have two kids online schooling (normal school hours)

[Apr 3, 12:15 PM] Guest8664: What do i do if i need to interrupt the student while she or he is playing to give comments as the piece is very long

[Apr 3, 12:15 PM] Anne Begg: To capture website addresses from the chat room, copy and paste into a word document for reference later.

[Apr 3, 12:15 PM] Bek Cowled: Andrew we have the same problem here. Have started having a family schedule we can look at to try and have meetings, lessons, etc at different times

[Apr 3, 12:16 PM] Debbie Ratten: I take lesson notes for the student and then take a picture on my phone and send to them. That way I have a copy of what I've requested them to do for the week.

[Apr 3, 12:17 PM] Anne Begg: Same here! 2 of us teaching, student in yr 12 and hubby working online with zoom meetings. Will be a next to impossible to come up with a workable schedule....any hints?

[Apr 3, 12:17 PM] Amy Nic: My son's teacher emails me the lesson details afterwards, she also has a lesson plan that she sends to him so he has an idea jsut before the lessn

[Apr 3, 12:17 PM] John Grey: I like to keep a Word file open on the laptop to drop good ideas and snipped screen-shots onto during sessions - paper is also good

[Apr 3, 12:17 PM] Bek Cowled: thats a great idea Amy, Thanks

[Apr 3, 12:18 PM] Kaliopi Stavropoulos: Good idea John

[Apr 3, 12:18 PM] Jenny Lu: I have a Word document open and type my feedback then share the screen with them so that they could take a screenshot of it

[Apr 3, 12:18 PM] Lauren S: Thankyou :)

[Apr 3, 12:18 PM] Will Tyrer: One issue I'll have is beginner students unable to tune their guitars

[Apr 3, 12:19 PM] Guest3321: Why not email it Jenny?

[Apr 3, 12:19 PM] Charlotte D: Yes Will, also beginner Strings students not able to tune

[Apr 3, 12:19 PM] Guest7322: I'm using google classroom to share files, links, leave comments and lesson notes.

[Apr 3, 12:20 PM] Christopher: Good questions for later - modifications to lessons for Prep-Yr.2

[Apr 3, 12:20 PM] Will Tyrer: Not sure how to get around that simply

[Apr 3, 12:20 PM] Christopher: even Yr.3&4

[Apr 3, 12:20 PM] Suneith: Is Zoom a free app/programme that anyone can download?

[Apr 3, 12:20 PM] Katrina: Suneith, yes

[Apr 3, 12:20 PM] Guest9910: Share the screen of your laptop and have a tuner app up. Then direct the student of their family member as you watch

[Apr 3, 12:21 PM] Jenny Lu: Depends on the students, I send emails to some but some preferred screenshots this week...!

[Apr 3, 12:21 PM] Katrina: Anyone used flipgrid?

[Apr 3, 12:21 PM] Guest6395: I use MISICO as an online platform for my students. I upload lessons/backing tracks etc, and Zoom is included so you can do lessons within the platform.

[Apr 3, 12:21 PM] Sarah Keating: Whats the best free video platform to use for sharing recorded tutorials?

[Apr 3, 12:22 PM] John Grey: Large Lesson Files can be shared on One-Drive, Office 365 SharePoint, othe Cloud options

[Apr 3, 12:22 PM] Suneith: Thanks Katrina.

[Apr 3, 12:22 PM] Sarah Keating: Thanks

[Apr 3, 12:22 PM] Kat Tsyrlin: Skype video messages are great for teacher & studentsvideos

[Apr 3, 12:22 PM] Julia8927: is flipfrid free?

[Apr 3, 12:22 PM] Guest8790: Do you have parents cancelling lessons due to it being ONLINE? How do you go about this?

[Apr 3, 12:22 PM] Katrina: Yes

[Apr 3, 12:22 PM] Katrina: Flipgrid is free

[Apr 3, 12:24 PM] Peter R: Please cover cover best receiving payment from students options..

[Apr 3, 12:24 PM] Corinne: Unfortunately, some parents arent coping

too well with the change. Also internet quality in outlying regions aren't so great either :(

[Apr 3, 12:24 PM] Andrew M: If you make a large video on iPhone or iPad you can make it email sized using Handbrake software (free) on Mac

[Apr 3, 12:25 PM] Andrew M: I use this and it doesn't make quality too poor too use.

[Apr 3, 12:25 PM] Katrina: You can also attach large videos from iPhone email, and it will shrink them.. if you send via Photos app, it will be full size

[Apr 3, 12:26 PM] Amy Nic: I have actually found this new platform easier with my own kids - in that it's less running around!

[Apr 3, 12:26 PM] Amy Nic: We've kept their lessons going though "school holidays" too

[Apr 3, 12:26 PM] Sally Barkla: Any ideas on microphones best for Tuba

[Apr 3, 12:26 PM] Paula: Thanks Katie and Genevieve at VMTA

[Apr 3, 12:26 PM] Katrina: Thank you!

[Apr 3, 12:27 PM] Guest2250: Thank you Katie!

[Apr 3, 12:27 PM] Guest9109: Thank you Katie

[Apr 3, 12:27 PM] Cate: Thank you

[Apr 3, 12:27 PM] Ashleigh Southam: Thanks Katie :)

[Apr 3, 12:27 PM] Guest8829: Thank you!

[Apr 3, 12:27 PM] shevi: will Q and A be on the recording?

[Apr 3, 12:27 PM] Guest8202: Thank You Katie, great

[Apr 3, 12:27 PM] Bron Oswell: Thanks Katie!

[Apr 3, 12:27 PM] Chrisp: thanks. plenty of helpful info

[Apr 3, 12:27 PM] Guest7322: Thankyou so much Katie!

[Apr 3, 12:27 PM] Sylvia Winfield: Thanks Katie

[Apr 3, 12:27 PM] David Krycer: Thank you Katie, it's been really helpful.

[Apr 3, 12:27 PM] Charlotte D: thank you so much Katie.

[Apr 3, 12:27 PM] Sarah Keating: Such a valuable session today looking forward to the next one thanks

[Apr 3, 12:27 PM] Andrew M: I heard that the Yeti USB mic is great for bass, probably good for tuba as well

[Apr 3, 12:27 PM] Cassie: Thanks very much, Katie! :)

[Apr 3, 12:27 PM] Wong Siwei: Thanks a lot Katie!

[Apr 3, 12:27 PM] Corinne: Katie, thanks for providing so much useful info!

[Apr 3, 12:27 PM] Bek Cowled: thanks katie, the info on sound audio quality on Zoom was really helpful

[Apr 3, 12:27 PM] Guest2057 Elaine: Thank you Katie -so helpful!

[Apr 3, 12:28 PM] Donna Stemberger: Thanks Katie. Very helpful.

[Apr 3, 12:28 PM] Lynette: When recording lessons to local computer will space be a problem?

[Apr 3, 12:28 PM] KatieW: [Kat - admin] I upgraded the chat Katie - FYI

[Apr 3, 12:28 PM] Katy A: Is there any way of flipping videos on teaching videos, so that fingerings look right for students?

[Apr 3, 12:28 PM] Guest5448: ThANKS VERY MUCH KATIE!

[Apr 3, 12:28 PM] Connor Taylor: Where is it best to position your microphone (for example Blue Yeti)

[Apr 3, 12:28 PM] Guest3698: Thank you Katie:))

[Apr 3, 12:28 PM] Mezz: can we have a copy of the chat window please. there are lots of people giving great suggestions - thanks . Can't keep up!

[Apr 3, 12:28 PM] MirandaB: Thanks Katie <3

[Apr 3, 12:28 PM] Mark Nunis: Thank you Katie!!

[Apr 3, 12:28 PM] Jane : Thanks so much Katie.....and to the VMTA for supporting us all through this! It's really appreciated. Jane Barnes

[Apr 3, 12:28 PM] Guest3545: How does everyone cope with so much screen time? I taught three days online last week and had the worst headaches and dry eyes...

[Apr 3, 12:28 PM] Guest1279: You are backfacing the light haha

[Apr 3, 12:28 PM] Sally Barkla: Microphone suited best for Tuba teaching?

[Apr 3, 12:28 PM] Claire Martin: Thanks feeling great now!!

[Apr 3, 12:28 PM] Peter Hagen: Can you plug in a smart phone to the laptop as a second camera

[Apr 3, 12:28 PM] Peter R: Okay.. Many thanks

[Apr 3, 12:29 PM] Guest6112: Thanks Katie, very informative well done.

[Apr 3, 12:29 PM] Debbie: Confused about recording lessons.. don't you just use the Zoom recording feature?

[Apr 3, 12:29 PM] Guest6395: thats a great video Katie. really funny

[Apr 3, 12:29 PM] Hugh McKelvey: One of my schools is using Skype for Business, the other Microsoft Teams.

[Apr 3, 12:29 PM] Guest1491: She's Israeli - the video is from israel!

[Apr 3, 12:29 PM] Christopher: How do teachers adapt teaching young students on-line? Prep-Yr.2 and Yr.3&4?

[Apr 3, 12:29 PM] Bill Ballarat: Hello Hugh!

[Apr 3, 12:30 PM] Guest5502: Recommended external speakers to improve laptop sound?

[Apr 3, 12:30 PM] Katrina: Same with flipgrid, and it keeps the student stuff in one spot.

[Apr 3, 12:30 PM] John Grey: Bluetooth Speakers will save a USB port

[Apr 3, 12:30 PM] Guest9651: Christopher. I make sure that the parents must be involved in each piano lesson. Most of my students are Primary school

[Apr 3, 12:31 PM] Mezz: For young students, I'm using skype, with the parent present. The parent can help, even if they don't know music.

[Apr 3, 12:31 PM] Lynette: When recording lessons to local computer can space be a problem?

[Apr 3, 12:31 PM] Bek Cowled: any suggestions about tuning?

[Apr 3, 12:31 PM] Brett Dell: In the zoom audio settings, if you enable 'use original mic' doesn't that bypass all the noise suppression anyway?

[Apr 3, 12:31 PM] Sarah Keating: Would you suggest keeping lessons one on one or do you still think its going to work to teach students that may have been in a group of 2 or more during normal lessons at school?

[Apr 3, 12:31 PM] Guest7322: If students only have the option of using their iPad at their end therefor dont have the option to adjust the suggested audio settings, are there any other tips to get

a better quality of sound when using backing tracks?

[Apr 3, 12:31 PM] Guest9651: Suggestion re payments: payments must be made online and received BEFORE you contact the student for their lesson

[Apr 3, 12:31 PM] Julia8927: teaching youngsters requires lots of imagination to keep their focus. My daughter's violin teacher used Easter Bunny puppets for visual rewards

[Apr 3, 12:32 PM] ThuyN: Thanks Katie, I have another online training.

[Apr 3, 12:32 PM] Andrew M: Thanks!

[Apr 3, 12:32 PM] Mezz: Young students: lots of "high fives" - very cute when it's to the video screen. & " give yourself a sticker on the music .

[Apr 3, 12:32 PM] Warwick Sharpin: Skype only stores videos for 30 days. You'll need to download them to your computer or external storage if you want to keep them for longer. Thanks Katie!

[Apr 3, 12:32 PM] Sally Barkla: Thank you

[Apr 3, 12:33 PM] Paige: If I want have students using backing tracks (I'm in Vox teacher) do they need to have those backing tracks played through a seperate device to the computer their using to communicate from? I've tried with Zoom students playing audio though tines on their computer but it goes all 'digital' and distorted.

[Apr 3, 12:33 PM] Kat Tsyrlin: For tuning, you can hold a tuning app up to the screen (TE Tuner is awesome) and picks up their sound. They like getting the smiley face when it's in tune. But note for violin teaching, it's hard to teach them how to use the pegs over a video lesson!!

[Apr 3, 12:33 PM] Guest: Many thanks katie

[Apr 3, 12:33 PM] Christopher: yes make it fun as much - also I think an element of "less is more" is essential

[Apr 3, 12:33 PM] Kat Tsyrlin: Thank you Katie, awesome session!! :)

[Apr 3, 12:33 PM] Guest8716: Generously spirited Katie, thank you.

[Apr 3, 12:33 PM] Sally Barkla: Ok thanks

[Apr 3, 12:33 PM] Guest6395: Is the blue snowball omni directional

[Apr 3, 12:34 PM] Julia8927: how long should we keep recorded lessons?

[Apr 3, 12:34 PM] Chris: Thanks Katie,

[Apr 3, 12:34 PM] Andrea J: You've been so helpful and generous. Thanks Katie

[Apr 3, 12:34 PM] Kees Dogger: Thank you!

[Apr 3, 12:34 PM] Guest1491: Thanks for great session Katie: julian @ Bialik

[Apr 3, 12:34 PM] Terry Carrick: Hi Katie, I like to record the class then post it to Youtube with a private link so it's not searchable. I then put the link on Google classroom.

[Apr 3, 12:34 PM] Guest1757: Thank you Katie very helpful sesion!

[Apr 3, 12:34 PM] Chris: Thanks Katie, See you to practice Wendy.

[Apr 3, 12:34 PM] Guest3578: Thank you soooo much

[Apr 3, 12:34 PM] Leanne7190: Thankyou for your email and helping me to log in:) Great to join you and the group:) Do you have any ideas for teaching Year Prep -6 classroom music? Thank you, Leanne

[Apr 3, 12:35 PM] Sheryl CONLON: absolutely wonderful Katie.....

[Apr 3, 12:35 PM] Kaid N: can you use one mic for instrument and one

for voice?? or is this where I need an interface?Thanks a stack
you're awesome!

[Apr 3, 12:35 PM] Guest9223: Thanks Katie – very helpful!!

[Apr 3, 12:35 PM] Guest1301: Hi Katie Andrew the piano teacher

[Apr 3, 12:36 PM] Guest1301: Thanks heaps Katie Andrew

[Apr 3, 12:36 PM] Guest9411: What are some good electronic tuning
apps for student to use?

[Apr 3, 12:36 PM] audrey: feeling so dumb! how do I download Zoom? I
have just had a go at the "3 easy steps" and can't get past step
2!!!!

[Apr 3, 12:36 PM] Guest9411: Do Bluetooth speakers cause lag issues?

[Apr 3, 12:37 PM] Sarah: Thanks for such excellent information
Katie , very useful

[Apr 3, 12:37 PM] Guest9651: Hi Audrey, You're not alone with this
problem with Zoom

[Apr 3, 12:37 PM] Katrina: what if the student presses record?

[Apr 3, 12:37 PM] Nadene: Thanks Katie for everything. Someone
earlier mentioned the Zoom HR mic – can that be used for better
sound?

[Apr 3, 12:37 PM] audrey: I hate the way tech world makes people
like me feel stupid.

[Apr 3, 12:37 PM] Guest4873: you can type lesson notes into Zoom
Chat window & Zoom saves them

[Apr 3, 12:37 PM] Katrina: Does the student see the whole day, or
just their bit?

[Apr 3, 12:37 PM] Lynette: Thank you!

[Apr 3, 12:38 PM] Hugh McKelvey: I feel pretty good about doing this
using the "keep it simple" approach. The sound from the onboard
mike is usually good enough.

[Apr 3, 12:38 PM] Guest8790: Thanks Kate!

[Apr 3, 12:38 PM] Lisa MiniM: How do I stop pop ups during zoom for
ads?

[Apr 3, 12:38 PM] Guest9651: I

[Apr 3, 12:38 PM] Karen: Thanks Katie...fabulous

[Apr 3, 12:39 PM] Christopher: Audrey – don't forget it is the
techies who say "have you tried turning it off and starting it
again?" as the solution for just about anything! :)

[Apr 3, 12:39 PM] Shelley: Thanks Katie – lots of helpful ideas.

[Apr 3, 12:39 PM] Connor Taylor: Is it really necessary to record?

[Apr 3, 12:39 PM] audrey: yes I know about the switch off and back
on thing but I still can't load Zoom. Can anyone tell me, dumbie
proof?

[Apr 3, 12:40 PM] Guest9651: I've used Skype and Whatsapp so far in
a very low tech style using laptop and phone tied onto a wooden
music stand. Working well. I think I'm going to stick with this very
simple solution

[Apr 3, 12:40 PM] Christopher: A student safety concerns and also a
back up for the teacher

[Apr 3, 12:40 PM] Kaliopi Stavropoulos: Hey Katie, How did you run
Choir? Can you give brief? pls

[Apr 3, 12:41 PM] Hugh McKelvey: With trombone – be sure to play to
the side of the mike, not directly at it.

[Apr 3, 12:41 PM] Anne Rose: Thanks Katie!

[Apr 3, 12:41 PM] Corinne: Katie, do have any thoughts on copyright

issues if a student wants help on a piece of music the teacher doesn't have. A quick snapshot might be a great quick fix, but what are the implications on copyright

[Apr 3, 12:41 PM] Sally Barkla: Thanks Hugh

[Apr 3, 12:41 PM] Jack: I used zoom for 2 days and had multiple frozen screens, audio dropping out and playback faster when resuming. Internet speed issue (NBN) or router position?? Any Zoom settings you know of? Improved when I hotspotted on my phone.

THANKS :)

[Apr 3, 12:41 PM] Guest3321: At least there's no washing on display – just a BBQ!

[Apr 3, 12:41 PM] Wendy: Does anyone have ideas to support VCE group performance students?

[Apr 3, 12:41 PM] Bron Oswell: Katie can you tell us about ensemble rehearsals online

[Apr 3, 12:42 PM] Mezz: same exercises for tight, sore shoulders

[Apr 3, 12:42 PM] Paul Witty: there are free app that remind you every 20 mins for pc and mac

[Apr 3, 12:42 PM] Amy Nic: Bron there's an ensemble webinar next week

[Apr 3, 12:42 PM] huw: How would you incorporate backing tracks into drum lessons? I also use a slow down app to work on songs with students. Is it easier for students to play a backing track from their end?

[Apr 3, 12:42 PM] Christopher: Staff have found on-line teaching last week very tiring

[Apr 3, 12:42 PM] Bron Oswell: Thanks Amy

[Apr 3, 12:42 PM] Guest3321: Yes! – VCE performance SACs so it's done in one take.

[Apr 3, 12:43 PM] Christopher: timing is important to allow some breaks

[Apr 3, 12:43 PM] Craig Barrie: thanks Katie – excellent session!

[Apr 3, 12:43 PM] Guest3578: Thanks Christopher

[Apr 3, 12:43 PM] Christopher: and "less is more" don't try to solve all issues in the one online session

[Apr 3, 12:44 PM] Suneith: It would be a good idea to schedule regular breaks of 10 –15 mins every hour to get away from the screen. Remember, you've probably already saved a lot in travel time so there is probably some flexibility.

[Apr 3, 12:44 PM] Guest6675: What slow down app are you using huw (Guest):

[Apr 3, 12:44 PM] Mezz: I need to experiment with plugging my DSLR camera & seeing if the laptop will show the video screen live. Do you think this will work?

[Apr 3, 12:44 PM] Christopher: Suneith – yes agree totally

[Apr 3, 12:44 PM] huw: Anytune with mac

[Apr 3, 12:44 PM] Bill Ballarat: You haven't said anything about Webex which my school use.

[Apr 3, 12:45 PM] Guest9411: Important to allow 10–15 minutes between each lesson to transition, check set up at student end etc.

[Apr 3, 12:45 PM] Guest9411: Younger students will need a parent to assist.

[Apr 3, 12:45 PM] Debbie Ratten: Wouldn't parents expect the half hour lesson of teaching if the fees are the same?

[Apr 3, 12:46 PM] Guest6675: Thanks huw (Guest):

[Apr 3, 12:46 PM] Paige D: Do students need to have a separate device to play their backing tracks through? I've experienced distortion when students play backing tracks through the same computer they are communicating through. Is that just due to Zoom settings? Or should I recommend students play their backing tracks on a separate device??

[Apr 3, 12:46 PM] Kees Dogger: Not sure how I get students out of their "other classes" when they are logged into a Webex English class, for example? Timetabling will be a real issue.

[Apr 3, 12:46 PM] Hugh McKelvey: I'm wondering about lessons at a school - I'm assuming the kids will be having other online classes.

[Apr 3, 12:46 PM] Grania Burke: Thanks Katie!

[Apr 3, 12:47 PM] Hugh McKelvey: Kees - my question too.

[Apr 3, 12:47 PM] Christopher: Thanks for the session. Great collegiality sharing ideas.

[Apr 3, 12:47 PM] Debbie: Re tuning.. I actually held my tuner app to the screen and it worked for the student!

[Apr 3, 12:47 PM] Hugh McKelvey: I think the school will have to develop a policy regarding what was up to now withdrawal from class lessons.

[Apr 3, 12:48 PM] Paige D: Kids will be using this online learning stuff so much they'll be teaching us- don't you worry about that! ;-)

[Apr 3, 12:48 PM] Min Hunter: Create video tutorials for tuning

[Apr 3, 12:48 PM] Paula: whats that tuning app

[Apr 3, 12:48 PM] Kees Dogger: Hugh - I don't think any of my schools have thought about this yet.

[Apr 3, 12:49 PM] Julia8927: app was called TonalEnergy

[Apr 3, 12:49 PM] Paula: Thanks Julia

[Apr 3, 12:49 PM] Brett Dell: Thanks Katie

[Apr 3, 12:49 PM] Lisa MiniM: Re tuning apps I use guitar tuna and also pianotuner both free. Parents seem to be able to use them easily too.

[Apr 3, 12:49 PM] Paige D: There's heaps of tuning apps out there that students can download if they can't get their hands on a physical tuner.

[Apr 3, 12:49 PM] Julia8927: it's \$6

[Apr 3, 12:51 PM] Guest4300: no on the browser in zoom you have a whole lot of settings

[Apr 3, 12:51 PM] Guest7322: Singers sing along to backing tracks

[Apr 3, 12:53 PM] Guest5412: second device preferable- doesn't always work with backing track and zoom on the same device

[Apr 3, 12:53 PM] Connor Taylor: This webinar was really helpful Katie. Thanks so much for the clarity and your advice. Very helpful in an overwhelming new space.

[Apr 3, 12:53 PM] Guest1590: I'd like to use this time to teach my students music theory (Grades 1-3 for instance). Do you have any advice as to the best way to do this?

[Apr 3, 12:53 PM] Guest1177: Why the need to record lessons for our own protection? Wouldn't this apply equally to face-to-face lessons? (And I never recorded those?) What am I missing?

[Apr 3, 12:53 PM] Min Hunter: Thanks Katie!

[Apr 3, 12:54 PM] Sarah Keating: ameb have free online course offer

grade 1-3 for the next 6 months.

[Apr 3, 12:54 PM] Guest9651: I've done books in bags dropped on the student's doorstep

[Apr 3, 12:54 PM] Sarah Keating: sorry for theory

[Apr 3, 12:54 PM] Kaliopi Stavropoulos: Did someone mention an Ensemble webinar ?

[Apr 3, 12:54 PM] Kurt Abell: I believe that the concern with recording the lessons is due to being conducted from personal homes, as opposed to in a supervised location such as a school

[Apr 3, 12:55 PM] Guest3545: ensemble webinar next week

[Apr 3, 12:55 PM] Guest9411: Guest 1177 there are Child Safety/ Privacy issues because you are "looking" into their home.

[Apr 3, 12:55 PM] Bill Ballarat: Bill Ballarat (Guest): You haven't said anything about Webex which my school use.

[Apr 3, 12:55 PM] Kaliopi Stavropoulos: Great where? Thanks 9651

[Apr 3, 12:55 PM] Paige D: Thanks for answering my question. :-)
They could hear the backing track fine, but I couldn't hear them singing or their backing track because of distortion. I've been asking them to play backing tracks on a second device to avoid the distortion issue. But it is an issue for people who don't have multiple devices

[Apr 3, 12:56 PM] Guest6675: Kaliopi Stavropoulos: sign up like you did for this webinar

[Apr 3, 12:57 PM] Guest6675: <https://midnightmusic.com.au/online-teaching-band-orchestra-choir/>

[Apr 3, 12:57 PM] Bill Ballarat: I signed up for this but I viewed it as a guest. Will I still get a certificate?

[Apr 3, 12:57 PM] Amy Nic: Yes the ensemble webinar is next tuesday morning, sign up through midnight music

[Apr 3, 12:58 PM] Amy Nic: Thanks heaps Katie. Super helpful.

[Apr 3, 12:58 PM] Bill Ballarat: Hi Linndsay!

[Apr 3, 12:58 PM] Guest3838: Thank you, this has been very helpful

[Apr 3, 12:58 PM] Kaliopi Stavropoulos: Thanks 6675 great done signed up :)

[Apr 3, 1:00 PM] Neil Wall: Thanks heaps Katie. Gotta go now.

[Apr 3, 1:02 PM] Jenny Lu: Thanks heaps Katie! very helpful :D

[Apr 3, 1:03 PM] Paige D: Thanks Katie. Very helpful.

[Apr 3, 1:03 PM] Kaliopi Stavropoulos: Thanks Katie..look forward to ensemble and classroom sessions..gotta go now...hi everyone I know, speak soon maybe via house party...unless someone has security issues..maybe same solution as K answered re ZOOM..

[Apr 3, 1:03 PM] Hugh McKelvey: The main Bluetooth issue I've had is when I have Bluetooth enabled on my smartphone while I'm trying to connect with another device. There seems to be some interference - so I try to remember to disable it on my phone.

[Apr 3, 1:03 PM] Diana Wu: Thank you - got to go now.

[Apr 3, 1:04 PM] Angela: Thanks for helping us to survive. You are amazing!

[Apr 3, 1:04 PM] Debbie: Student could record on their phone for use later

[Apr 3, 1:04 PM] KatarinaV: Thanks Katie - super clear and covered everything I needed to know. Feeling more confident now. Thanks to VMTA for making this available to us. See you in classroom session next week.

[Apr 3, 1:04 PM] Neil Wall: Little zoom Mike (field recorder) is excellent. Can cost a bit though. You can connected to the laptop with the USB cord and it acts as an audio interface. That means you can plug other microphones or instruments into it as well.

[Apr 3, 1:04 PM] Mezz: Skype: does Skype have the ability to show multiple video at the same time, as Zoom does?

[Apr 3, 1:05 PM] Nadene: Thank you Neil. I'm just looking up its manual now and can see audio interface info.

[Apr 3, 1:05 PM] Julia8927: I can't find the webinar for classroom music

[Apr 3, 1:05 PM] Leanne7190: I agree Angela!!Katie is SO easy to listen to and SO knowledgeable:)

[Apr 3, 1:06 PM] Lisa MiniM: I do have the zoom app dowloaded

[Apr 3, 1:07 PM] Guest8510: Hi, I am new to this but i was wandering if teacher and student need to use the same platform or can they use different? Skype with skype or Zoom with zoom?

[Apr 3, 1:07 PM] Neil Wall: The platforms will need to match between the teacher and the students.

[Apr 3, 1:07 PM] Guest4873: Zoom easier to use if you log in via the website, not directly from your downloaded application

[Apr 3, 1:07 PM] Su Rogerson: When will the webinar for videoing be? Is the link out yet for registration?

[Apr 3, 1:09 PM] Corinne: Awesome re publishers lifting copyright Katie!! Thanks!

[Apr 3, 1:09 PM] Guest8510: What about if you are running a business with multiple staff members?

[Apr 3, 1:09 PM] KatieW: <https://www.speedtest.net/>

[Apr 3, 1:09 PM] Guest9411: The VMTA has published some child safety guidelines on our website at <https://vmta.org.au/useful-information-for-teachers/> . See Handbook for Instrumental Music Teachers.

[Apr 3, 1:11 PM] Suzanne P-H: I'm a Recorder teacher and use the Kodaly method strictly. It's difficult to synchronise time names and handsigns with the student.

[Apr 3, 1:13 PM] Jack: Thanks Katie, great session (internet speed guy)

[Apr 3, 1:13 PM] Michelle Neate: Thanks Katie

[Apr 3, 1:14 PM] Guest8510: thank-you. I really enjoyed this. Great Session

[Apr 3, 1:15 PM] Kath Saunders: Thanks Katie.

[Apr 3, 1:15 PM] KatieW: <https://midnightmusic.com.au/online-teaching-elementary-middle-teachers/>

[Apr 3, 1:16 PM] KatieW: <https://midnightmusic.com.au/online-teaching-band-orchestra-choir/>

[Apr 3, 1:16 PM] Guest1491: Is there a link for Katie's classroom session prep-year 6 next thursday?

[Apr 3, 1:16 PM] KatieW: <https://midnightmusic.com.au/online-teaching-studio-instrumental/>

[Apr 3, 1:17 PM] Su Rogerson: video recording webinar?

[Apr 3, 1:17 PM] Julia8927: Suzanne, could I suggest you video yourself doing the hand signs and time-names and ask your student to sing along with you (on video) at home. I know it's not the same, but at least your student can rehearse with something tangible. I've done some videos like this for my classroom students.

[Apr 3, 1:18 PM] Julia8927: thanks for the links Katie and for this

fantabulous session!

[Apr 3, 1:18 PM] Kees Dogger: Thanks again Katie - gotta go.

[Apr 3, 1:20 PM] Mezz: YouTube is great for teaching videos
