Lesson Ideas For Soundtrap and Bandlab Chat Webinar May 2021

[May 12, 9:49 AM] KatieW: Welcome everyone!
[May 12, 9:50 AM] Maria Martinez: Hello Katie
[May 12, 9:50 AM] KatieW: Hi Maria!
[May 12, 9:50 AM] Deanna: I'm from Syracuse, NY and currently teach K-4 General Music. I will probably change to 5-6 General Music and chorus next year.
[May 12, 9:51 AM] Diana Wu: Hello from Melbourne!
[May 12, 9:51 AM] Amy M. Burns: Hi!
[May 12, 9:51 AM] Lori: Hi from sunny Manitoba!
[May 12, 9:51 AM] KatieW: Amy's here :)
[May 12, 9:51 AM] Taara Portela: Greetings from Cambodia!
[May 12, 9:52 AM] Laurie A: Hi from NJ!
[May 12, 9:52 AM] Judith Ingram: Hi I am from Gloucester NSW Australia and teach years 7 - 12 in our local high school looking forward to getting some new ideas for my classes.
[May 12, 9:52 AM] Teoh Cherylyn: Hello from Malaysia! I'm currently teaching general music from Year 1 to 9.
[May 12, 9:52 AM] Jayden: Hello from Alberta, Canada. 8-12 concert band and rock band
[May 12, 9:52 AM] Taara Portela: I teach at an international school in Phnom Penh (Secondary Music) and we've been online for the majority of the past year
[May 12, 9:53 AM] Gina: Hello from NYC!
[May 12, 9:53 AM] Lynn: Hello! I'm from just outside Philadelphia and teach Pre-K-8 general music, high school music theory, and elementary choir.
[May 12, 9:54 AM] Jenn Jenkins: Hello from NJ! Grades 5-8 chorus and general music.
[May 12, 9:54 AM] Judy Szybist: Hello from Verona NJ
[May 12, 9:54 AM] Heidi Langan: Hello from Austin, TX. I teach K - 5 music. Doing both in person and on Zoom.
[May 12, 9:54 AM] Jennifer Bowler: Hello from Massachusetts. I teach 5-8 chorus and general music
[May 12, 9:54 AM] Jim K: Hi I teach music K, 1 and 2 in Bay Village, Ohio
[May 12, 9:54 AM] Ceara Windhausen: Ceara Windhausen from Oswego NY!
[May 12, 9:54 AM] Laura M: Hi, I teach music K-12 in central New York State.
[May 12, 9:54 AM] Jenn Jenkins: Wow - so many people around the world and quite a few from NJ!
[May 12, 9:54 AM] Jenn Jenkins: Hi Laurie!
[May 12, 9:55 AM] Keisha Twitchell: Hello from Houston, TX! I teach general music and currently growing a music program in a Title 1 school
[May 12, 9:55 AM] Eva Kukielka: Hello from Lake Zurich, Illinois:)
[May 12, 9:55 AM] Nadine Cunningham: Hello from Marion, MA!
[May 12, 9:55 AM] Laurie A: Hey Jenn (Jenkins) - hope you're doing well!
[May 12, 9:55 AM] Carla Q: Hello from South Carolina. Teach all ages.
[May 12, 9:55 AM] Jenn Jenkins: Surviving Laurie...
[May 12, 9:56 AM] Craig: Hi from New Hampshire
[May 12, 9:56 AM] Maria Martinez: Hello from Montreal. I teach general music from grades 1-6.
[May 12, 9:56 AM] Howard: Good Morning
[May 12, 9:56 AM] Susan Knighton: Good afternoon from sunny and very warm Phoenix
[May 12, 9:56 AM] Asta: Checking in from lockdown in Malaysia...
[May 12, 9:56 AM] Tim Haan: Hello from Grand Rapids, Michigan, USA

[May 12, 9:57 AM] Lori: Lori from Manitoba (again - booted myself out of the meeting oops). General Music K-8 and now back online with some and in person with others.
[May 12, 9:57 AM] Tim Haan: I teach high school band as well as a Music Tech class
[May 12, 9:57 AM] Kelli : Good evening from Kingston Ontario!
[May 12, 9:57 AM] Cindy: Cindy from southern Ontario
[May 12, 9:58 AM] Kelli : I teacher secondary Music
[May 12, 9:58 AM] Dalmatinka: Hello from Mississauga Ontario
[May 12, 9:58 AM] Jenn Jenkins: Is Bandlab available on iPad yet?
[May 12, 9:58 AM] Laura B : Hello from Lexington, NC
[May 12, 9:58 AM] Phil: Phil from Anaheim, CA. I teach elementary music.
[May 12, 9:58 AM] Howard: Hello from Bangkok
[May 12, 9:59 AM] Chris: Representing Tidewater, VA!
[May 12, 9:59 AM] Jennifer Bowler: Massachusetts
[May 12, 9:59 AM] Nicole: Hello from Ontario
[May 12, 9:59 AM] Heidi Langan: Maine is ME
[May 12, 9:59 AM] Laurie A: Massachusetts!
[May 12, 9:59 AM] Nadine Cunningham: Yes!
[May 12, 9:59 AM] Ian Rapien: Ian from Brooklyn, New York. I teach band, orchestra, and general music.
[May 12, 9:59 AM] Alice: Alice in Thailand
[May 12, 9:59 AM] Carol: Hello from Adelaide, South Oz!
[May 12, 9:59 AM] Sandra Kessler: Hello from Querétaro México
[May 12, 9:59 AM] Audrey: Hi from Scotland!!
[May 12, 10:00 AM] Jenn Jenkins: Oh wow - singing without masks?!?!?! I just sang in-person in a choir for the first time in over a year last Friday!
[May 12, 10:00 AM] Jenny: Hello from Minnesota!
[May 12, 10:00 AM] Bonnie Lee: Hello! from Shiprock, New Mexico, USA
[May 12, 10:00 AM] Theresa: Hi everyone! Theresa from London Ontario - still in lockdown!
[May 12, 10:00 AM] Michele Nicholas: Hello from Trinidad
[May 12, 10:00 AM] Andrea DJ: Greetings from Ontario Canada!
[May 12, 10:00 AM] Laurie A: I can't wait to make music in person again, especially with my students at school
[May 12, 10:00 AM] Christine Hayes: Hi from Whitewater, WI!!!
[May 12, 10:00 AM] Becky: Hello from Lincoln, NE
[May 12, 10:00 AM] Kathleen T: Hello from NJ
[May 12, 10:00 AM] Audrey: Greetings from Rhode Island!!
[May 12, 10:00 AM] Nicole: Oh wow so jealous! We're still doing online; can't wait for Music lessons to go back to movement and singing in Elementary
[May 12, 10:01 AM] Marla: Hello from Winnipeg, MB Canada
[May 12, 10:01 AM] Diane: teaching elementary music in NJ (full days all students!)
[May 12, 10:01 AM] Scott Templeton: Hi Katie :-)
[May 12, 10:01 AM] Kristen: Hello from Rhode Island! Middle School teacher of English Language Learners!
[May 12, 10:01 AM] Debbie: Hello from NJ! I teach K-5 general music and chorus
[May 12, 10:01 AM] Gian Marco Aquino: Gian from Sao Paulo / Brazil
[May 12, 10:01 AM] Keisha Twitchell: I guess that's a benefit of Texas pretending COVID isn't a big deal.... We've been singing and dancing all year!
[May 12, 10:02 AM] Laurie A: Definitely excited for today's webinar!!
[May 12, 10:02 AM] Sarah: Very exciting! Hi from Ontario, CAN
[May 12, 10:02 AM] Walênia : Hi everyone, from Belo Horizonte, Brazil
[May 12, 10:02 AM] Sylvana Falcomatà Augustyniak: Can not see video play button
[May 12, 10:02 AM] Theresa: wow Katie - your boys look so old now!!

[May 12, 10:02 AM] Jennifer Bowler: They're great. Love the updated photos :)
[May 12, 10:03 AM] Amy M. Burns: Hi!
[May 12, 10:04 AM] Deanna: Hi from Bermuda!
[May 12, 10:04 AM] Mark Carpio: Hello from Manila!
[May 12, 10:04 AM] Carol: Carol Hollis
[May 12, 10:04 AM] Tina Marchant: Hi from East Doncaster Secondary College!
[May 12, 10:04 AM] Julia: Hi
[May 12, 10:05 AM] Julia: Hello from Julia
[May 12, 10:05 AM] James Ganzert: Virginia Middle School
[May 12, 10:06 AM] Deanna: Warwick Academy, Middle school General Music
[May 12, 10:06 AM] ann casem: Hi
[May 12, 10:06 AM] Julia: How is everyone?
[May 12, 10:06 AM] Kath M: Hi Everyone, Kath I teach High school in NSW Australia
[May 12, 10:07 AM] Julia: My students are awesome, sometimes🤣
[May 12, 10:08 AM] Felicity: Hi from Gold Coast Australia! I teach primary/elementary music.
[May 12, 10:08 AM] Julia: Cause you know students
[May 12, 10:09 AM] Julia: How are you guys today
[May 12, 10:09 AM] Amy M. Burns: Hi Julia! We're ready to listen to Katie's webinar about Soundtrap and Bandlab! :)
[May 12, 10:10 AM] Julia: Ooh COol!
[May 12, 10:10 AM] Julia: I love soundtrap
[May 12, 10:11 AM] Keisha Twitchell: band lab works on chrome on any device? Or ONLY those devices...?
[May 12, 10:11 AM] Julia: Yeah
[May 12, 10:11 AM] Julia: Good explnation
[May 12, 10:12 AM] Julia: I love the drum kit
[May 12, 10:12 AM] Jenn Jenkins: @Keisha - BandLab EDU does NOT work at all on iPad.
[May 12, 10:12 AM] Julia: Its perfect
[May 12, 10:12 AM] Julia: oh yeah I figured that out already
[May 12, 10:13 AM] Amy M. Burns: There is this Bandlab app, but it is not the edu version.
[May 12, 10:13 AM] Amy M. Burns: https://apps.apple.com/app/bandlab/id968585775
[May 12, 10:13 AM] Julia: How do you get the EDU version?
[May 12, 10:13 AM] Mário Lisbon: Good comparison
[May 12, 10:14 AM] Amy M. Burns: @Julia check out the Wakelet for many of the links in this webinar: https://wke.lt/w/s/Az5A2z
[May 12, 10:14 AM] Julia: Ok thanks Ill do that later
[May 12, 10:14 AM] Caroline: hello
[May 12, 10:15 AM] Caroline: I love soundtrap and bandlab
[May 12, 10:15 AM] Mário Lisbon: Sound trap now shows on Microsoft Teams?
[May 12, 10:15 AM] Batya: So if you have some students using ipads and some using PCs/chromebooks/macbooks, then you are just out of luck if you want to do a project using pre-made loops. It looks like neither of them will allow us to use pre-made loops on an ipad (except for garage band, which isn't available for non-mac users).
[May 12, 10:15 AM] Keisha Twitchell: Oh that's good to know. My district is all about TEAMS
[May 12, 10:16 AM] Amy M. Burns: @Mario "Soundtrap was recently integrated into Microsoft Teams, making it simple for teachers and students to share Soundtrap assignments through Teams. Educators and students can also use their Office 365 login to access Soundtrap. And Soundtrap lesson plans are available in Microsoft OneNote.Aug 13, 2019"
[May 12, 10:16 AM] Julia: Wait you have to pay for soundtrap? Thats odd
[May 12, 10:16 AM] Julia: ...
[May 12, 10:16 AM] Marc Johnson: Bandlab tends to lag when using audio (mic) track.

[May 12, 10:16 AM] Amy M. Burns: @Batya Soundtrap's ipad app is limited, but check it out. It has some capabailities.

[May 12, 10:17 AM] Amy M. Burns: @Julia There is the free version of Soundtrap, but using it with students, the EDU version is $$.

[May 12, 10:17 AM] Batya: Thank you! But just to confirm, you can't use pre-made loops with soundtrap on an ipad? Is that correct?

[May 12, 10:17 AM] Mário Lisbon: Collab really needs to be planned, embedded in the lesson plan to be successful.

[May 12, 10:18 AM] Deanna: Good to know about the integration with Teams. I have not seen it yet

[May 12, 10:18 AM] Julia: How much money is the EDU version? I want to know so I can decide if I want to buy it.

[May 12, 10:18 AM] Amy M. Burns: @Deanna that was from 2019. So, I am not sure how current that info is.

[May 12, 10:18 AM] Amy M. Burns: @Julia It begins at $250 for 50 seats.

[May 12, 10:18 AM] Julia: oh my

[May 12, 10:19 AM] Julia: yeah maybe not

[May 12, 10:19 AM] Amy M. Burns: @Julia Bandlab edu is free.

[May 12, 10:19 AM] Julia: Good!

[May 12, 10:19 AM] Deanna: use templates

[May 12, 10:19 AM] Julia: @Amy M. Burns did you buy the EDU version of soundtrap

[May 12, 10:20 AM] Caroline: It seems like a lot

[May 12, 10:20 AM] Amy M. Burns: @Batya You can use premade loops on the Soundtrap iOS app. But, it glitches and can quit out many times.

[May 12, 10:20 AM] Amy M. Burns: @Julia Yes.

[May 12, 10:20 AM] Kristen: will you cover how to create a template and save it for the students?

[May 12, 10:20 AM] Helen Collis: forgot add this. I'm from Margaret River and I teach music to 750 students Years P/1 -6.

[May 12, 10:20 AM] Julia: oh really? Did you have to pay that much?

[May 12, 10:21 AM] Keisha Twitchell: My whole district is using Sound trap as an experiment/trial somehow. I'd like to figure it out, because I think it will be a valuable resource even after COVID. I wish this kind of music tech was taught in college. It was certainly available. I'm not that old. lol

[May 12, 10:21 AM] Amy M. Burns: @Julia it is the standard price for soundtrap

[May 12, 10:21 AM] Batya: Thank you. That is good to know. Last year I ask the students to do a project in soundtrap using loops, and I wasn't aware that there was an issue with ipad. I don't have one and so I couldn't test it out on an ipad. That is really good info to know. Thank you!

[May 12, 10:21 AM] Amy M. Burns: @Kristen I will add it to the list of questions at the end. :)

[May 12, 10:21 AM] Kristen: Thanks!

[May 12, 10:22 AM] Julia: oh. well I am glad there is a free version 😊

[May 12, 10:22 AM] Amy M. Burns: @Keisha Soundtrap came out around 5 years ago, so it is still quite new. It is a game changer as it is a love child of google docs and garageband.

[May 12, 10:22 AM] Kathleen T: Sometimes it's difficult to model for students if they have a chromebook and we have a laptop. I've had this issue several times this year at the HS level.

[May 12, 10:22 AM] Amy M. Burns: @Kathleen T so true!

[May 12, 10:23 AM] Julia: Wait 5 years ago is new? For me that would be bigger than ever

[May 12, 10:23 AM] Julia: 👍👍👍👍👍👍

[May 12, 10:24 AM] Keisha Twitchell: Sure, but the music production software. Garage band and other programs. I don't know how to use ANYTHING like them

[May 12, 10:24 AM] Jenn Jenkins: Oh yeah, I like that! My 6th graders are working on this now!

[May 12, 10:24 AM] Amy M. Burns: https://www.amazon.com/Music-Technology-Cookbook-Ready-Made-Classroom/dp/0197523889

[May 12, 10:24 AM] Julia: Rap My name?

[May 12, 10:24 AM] Julia: ?

[May 12, 10:24 AM] Amy M. Burns: @Keisha You are in the right place! Katie's Midnight Music Community has a lot of lessons, webinars, trainings, etc.

[May 12, 10:25 AM] Julia: ♡♡♡

[May 12, 10:25 AM] Mário Lisbon: I just bought the cookbook it's great

[May 12, 10:25 AM] Keisha Twitchell: I know! she's awesome!

[May 12, 10:25 AM] Julia: Katie you are great at rapping!

[May 12, 10:26 AM] Julia: Did you create that?

[May 12, 10:26 AM] Julia: Oh I love the cookbook

[May 12, 10:27 AM] Julia: Soundtrap is awesome

[May 12, 10:27 AM] Mário Lisbon: Cookbook always gives a context for the lesson idea

[May 12, 10:27 AM] Caroline: Ikr

[May 12, 10:28 AM] Kelli : just not lined up i think

[May 12, 10:28 AM] Scott Templeton: Yep, I think the drums are out. Looks like maybe the loop isnt line up?

[May 12, 10:28 AM] Marc Johnson: Yup, audio is out off sync.

[May 12, 10:28 AM] Amy M. Burns: It seems to be the audio is out of synch

[May 12, 10:28 AM] Julia: I just love soundtrap its awesome and I will never ever get rid of it, and I know my students do too

[May 12, 10:28 AM] Susan Knighton: Yep - audio just needs a little adjusting

[May 12, 10:29 AM] Becca F: I've found that if I use my bluetooth headphones, it ends up out of sync, but with my wired ones I haven't had a problem

[May 12, 10:29 AM] Julie: I've had issues with my vocals not lining up. I had to adjust it to fit better.

[May 12, 10:29 AM] Kristen: are we looking at sountrap or bandlab right now?

[May 12, 10:29 AM] Amy M. Burns: @Kristen soundtrap

[May 12, 10:29 AM] Jenn Jenkins: Soundtrap

[May 12, 10:29 AM] Jenn Jenkins: Ella!!!

[May 12, 10:29 AM] Sarah F: I've found that when I'm sharing a Soundtrap while in a Meet, there's often a lag. I doesn't happen unless I'm using my mic/camera with another app.

[May 12, 10:29 AM] Julia: My students are always filled with joy when they use soundtrap, they usually work together and make something silly or cool! They invite eachother to their songs and they chat in the chat

[May 12, 10:29 AM] Walênia : Cool

[May 12, 10:29 AM] Chris: Yeah, bluetooth has a bad lag time. Always use wired if able when recording

[May 12, 10:29 AM] Amy M. Burns: @Sarah Yes. Me too!

[May 12, 10:30 AM] Amy M. Burns: Google Meets will have a lag and @Chris is right about hard wiring the device.

[May 12, 10:30 AM] Julie: When recording in Zoom, I put kids into breakout rooms so that they have a quiet space to record. If they are in Zoom, their computer mics pic up the voices in Zoom.

[May 12, 10:31 AM] Julia: Oh yes the horrible, glitch ZOOM! AHHH

[May 12, 10:35 AM] Julia: I always freeze in meet and my students are like YOUR FROZEN and I am like oh sorry I will probably start moving anytime soon

[May 12, 10:36 AM] Helen Collis: Excuse my ignorance, is Soundtrap an app or website download e.g. with Spotify?

[May 12, 10:36 AM] Julia: Oh thats something I dont know

[May 12, 10:36 AM] Chris: It's through a web browser from my understanding. No download needed

[May 12, 10:37 AM] Sarah B: Hi!

[May 12, 10:37 AM] Julia: hi

[May 12, 10:37 AM] Amy M. Burns: @Helen Soundtrap is a web-based digital audio workkstation

[May 12, 10:37 AM] Jasmine Lee: can also be download as an app on ipad

[May 12, 10:38 AM] Amy M. Burns: @Helen There is also an app version that is very watered-down. But the web-based version has been described as the love child of google docs and garageband.
[May 12, 10:38 AM] Sarah B: Hi mom!
[May 12, 10:38 AM] Helen Collis: Thanks everyone. Amy When I search it has many to choose from??
[May 12, 10:38 AM] Julia: Aww
[May 12, 10:38 AM] Amy M. Burns: @Helen https://wke.lt/w/s/Az5A2z Katie has the link on the wakelet here.
[May 12, 10:38 AM] Amy M. Burns: @SarahB Hi honey.
[May 12, 10:38 AM] Helen Collis: Thank you. Clearly I'm not 100% focused!
[May 12, 10:39 AM] Amy M. Burns: @Helen It is all good! :)
[May 12, 10:39 AM] Amy M. Burns: :)
[May 12, 10:39 AM] Amy M. Burns: 😀
[May 12, 10:39 AM] Julia: How do I find bandlab
[May 12, 10:39 AM] Sarah B: Hi mom
[May 12, 10:39 AM] Amy M. Burns: @Julia https://edu.bandlab.com/
[May 12, 10:39 AM] Jenn Jenkins: Since Garageband on the iPad is so isolated, this ensemble idea is not possible 😫. But a very cool idea!
[May 12, 10:39 AM] Julia: Thanks!
[May 12, 10:40 AM] Amy M. Burns: @Jenn So true.
[May 12, 10:40 AM] Sarah B: Hello Mommy
[May 12, 10:40 AM] Jenn Jenkins: Wish Garageband would get up to date with collaboration!
[May 12, 10:41 AM] Amy M. Burns: @Jenn Yes! I am surprised that it has not.
[May 12, 10:41 AM] Sarah B: Hello mommuy
[May 12, 10:41 AM] Jenn Jenkins: It is like Apple gave up on education . . .
[May 12, 10:41 AM] Sarah B: mommy
[May 12, 10:41 AM] Amy M. Burns: @Jenn Yes, I agree.
[May 12, 10:42 AM] Julia: Whenever I tell my kids to save on soundtrap they forget
[May 12, 10:42 AM] Julia: sigh
[May 12, 10:42 AM] Jenn Jenkins: My friend is having her students audio edit their musical audio tracks coming in.
[May 12, 10:42 AM] Amy M. Burns: @Jenn That's great!
[May 12, 10:42 AM] Kelli : Its likely because you are presentig
[May 12, 10:42 AM] Kelli : presenting
[May 12, 10:43 AM] Amy M. Burns: @Kelli I agree.
[May 12, 10:43 AM] Jenn Jenkins: He is so little, Katie!
[May 12, 10:43 AM] Batya: Latency is an issue I find on many windows devices. I have heard that apple computers don't normally have latency issues, but I frequently have latency issues on windows devices and have to jiggle the parts into place.
[May 12, 10:43 AM] Kristen: @Julia I thought you said you didn't have Soundtrap (you asked how much it would cost)?
[May 12, 10:44 AM] Amy M. Burns: @Batya I definitely have latency if I am not hardwired or if my device is too full.
[May 12, 10:44 AM] monique T: So much lag . Parts no where near beat ?
[May 12, 10:44 AM] Diana Wu: Do you need a MIDI keyboard to use soundtrap/bandlab?
[May 12, 10:44 AM] Batya: Even when I am hardwired, I have latency issues.
[May 12, 10:44 AM] Amy M. Burns: @Diana You can use one. Depends on your goal.
[May 12, 10:45 AM] Jenn Jenkins: Great lesson!
[May 12, 10:45 AM] Chris: iOS has fewer background processes working, Windows like to have more things running which cause latency issues in recording to a track. Just nature of the beast sadly :(
[May 12, 10:45 AM] Batya: @Chris: Thank you so much for explaining that! I always wondered why!
[May 12, 10:46 AM] Diana Wu: Thanks. So you can use soundtrap/bandlab without MIDI keyboard as well?

[May 12, 10:46 AM] Amy M. Burns: Many of these ideas are on the wakelet: https://wakelet.com/wake/GtoPD3hJ3pBbNTMKU9xOQ
[May 12, 10:46 AM] Amy M. Burns: @Diana Yes.
[May 12, 10:48 AM] Diana Wu: Thank you :)
[May 12, 10:48 AM] Amy M. Burns: My students are studying the Revolutionary War and they used Soundtrap to create a remix of Yankee Doodle.
[May 12, 10:49 AM] Jenny: I work with blind/visually impaired students...and we've found that Soundtrap does not work well with voiceover...just an FYI. They (Soundtrap) tell us they are working to improve that, but for now it's unfortunately challenging to navigate through projects. GB is a little better with voiceover.
[May 12, 10:50 AM] Amy M. Burns: Just to clarify @Julia's comment about saving. Soundtrap has a revision history so you can go back in time and bring up an older version. It will also ask you to save something the next time you login if you did not save.
[May 12, 10:51 AM] Trevor: Have you ver run into issues where your students went to add their own track in (with metronome) and some how the end result is that the student and the metronome is not in sync?
[May 12, 10:52 AM] Amy M. Burns: @Trevor Were they using headsets of any kind?
[May 12, 10:52 AM] Trevor: Using mic from Chromebook. They were recording their band instrument.
[May 12, 10:52 AM] Julie: I've used headsets and mics and still have lag sometimes. I just end up moving the vocal track a bit to match the beat.
[May 12, 10:52 AM] Amy M. Burns: @Trevor and no headsets?
[May 12, 10:53 AM] Trevor: Do you mean headset with mic or headphones?
[May 12, 10:53 AM] Amy M. Burns: When I record without headsets, it can throw off the alignment.
[May 12, 10:53 AM] Amy M. Burns: @Trevor Recording with headsets so the sound comes through them and not coming out of the device's speaker.
[May 12, 10:54 AM] Trevor: What about students who use headsets which also have mic? Example, earbud for phone which also has mic in the wires. Hopefully that made sense
[May 12, 10:55 AM] Amy M. Burns: @Trevor yes.
[May 12, 10:55 AM] Trevor: Thanks!
[May 12, 10:55 AM] Amy M. Burns: @Trevor I can pose your question to Katie at the end. In my experience, my students don't have issues when they use their headsets when recording, but will have issues if they record without headsets.
[May 12, 10:56 AM] Jenn Jenkins: @Trevor - I wonder if the headset mic might be interfering with the actual recording? Depends on the devices as well. . .
[May 12, 10:57 AM] Theresa: when I go full screen katie's screen is very unclear - is this just my mac?
[May 12, 10:58 AM] Chris: No, low stream resolution
[May 12, 10:58 AM] Chris: It's foggy on my end as well
[May 12, 10:58 AM] Jenn Jenkins: Is there a setting to change from bars to time?
[May 12, 10:58 AM] Amy M. Burns: @Theresa Yes. a bit foggy.
[May 12, 10:59 AM] Trevor: The student I mean played a bass line to Heart and Soul that I have them. When listening to them play (and I choose to turn on the metronome), it almost sounds like the metronome slows down. This is in BandLab. Is it possible I am creating lag in the playback by choosing to have the metronome on at the same time (even though the metronome is not in the audio tha the student submitted)?
[May 12, 10:59 AM] Chris: Try changing the resolution quality on cog symbol in the player. Shows 72op there
[May 12, 10:59 AM] Amy M. Burns: @Jenn Yes.
[May 12, 10:59 AM] Amy M. Burns: @Jenn Yes in the settings at the top of the screen.
[May 12, 11:00 AM] Theresa: Oh that works! Thanks Chris!
[May 12, 11:00 AM] Becca F: Love this!!!
[May 12, 11:01 AM] Becca F: Inversion?
[May 12, 11:01 AM] Keisha Twitchell: crescendo?
[May 12, 11:01 AM] Kelli : Great project, I have done this with Garage band and it was a lot of fun!

[May 12, 11:01 AM] Amy M. Burns: I think it's inversion.
[May 12, 11:03 AM] Kristen Fournier: There are some fun examples of found sound composition on tiktok
[May 12, 11:03 AM] Amy M. Burns: @Trevor I am going to have Katie answer it at the end.
[May 12, 11:03 AM] Tina Marchant: What would you use for the reference tack normally?
[May 12, 11:04 AM] Trevor: Thank you!
[May 12, 11:06 AM] Kristen: That was great!
[May 12, 11:06 AM] Amy M. Burns: @Tina I will ask her. My reference tracks have been the melody, or a drum beat.
[May 12, 11:08 AM] Audrey: @Trevor - wired headphones work better on Soundtrap - recordings done with bluetooth headphones don't match up easily because there is always going to be a very slight delay with blutooth
[May 12, 11:12 AM] monique T: maybe my airpods are adding to the latency issue?
[May 12, 11:14 AM] Chris: definitely. Airpods can have up to 300ms of delay.
[May 12, 11:16 AM] Amy M. Burns: @monique in one of the tools I use, the airpods definitely cause a latency issue and aligning the tracks becomes necessary.
[May 12, 11:16 AM] monique T: wow I did not consider this. Thank you
[May 12, 11:18 AM] Maxine Alstrom : Hey from Maxine Alstrom
[May 12, 11:18 AM] Diane: How are these projects shared with the teacher - directly through the platform? email?
[May 12, 11:19 AM] Maxine Alstrom : Maxine Alstrom K-12 Music and Church MD
[May 12, 11:19 AM] Amy M. Burns: @Diane I share my soundtrap projects through google classroom because it automatically shares to GC. However, you can share via a link.
[May 12, 11:19 AM] Jenn Jenkins: @Diane https://support.soundtrap.com/hc/en-us/articles/115000180033-How-to-create-and-send-assignments-in-Soundtrap
[May 12, 11:20 AM] Scott Templeton: Thanks for the webinar, Katie - I've got to leave to teach a Year 12 Class!
[May 12, 11:20 AM] Jenn Jenkins: Have fun Scott!
[May 12, 11:20 AM] Amy M. Burns: @Diane if you are asking about collaboration, then the students look for other students in the chat function within soundtrap and they invite them throught the platform.
[May 12, 11:20 AM] Amy M. Burns: @Scott glad to have you here.
[May 12, 11:21 AM] Amy M. Burns: Better than the original from the wakelet: https://midnightmusic.com.au/ssl-youtube/
[May 12, 11:21 AM] Trevor: @Amy I have to tend to my kiddies. Is there a way I can check back later to see if my questions got answered?
[May 12, 11:22 AM] Julie: Re Collaboration: I think the kids have to belong to the same "group" - at least in the Education account. The teacher has to create a group and then have the kids join the group, then they can collaborate/invite each other to their projects.
[May 12, 11:22 AM] Jenn Jenkins: @Diane - There is a dashboard for the teachers in Soundtrap and BandLab (edu versions). You as the teacher can access their projects from there.
[May 12, 11:22 AM] Amy M. Burns: @Trevor Yes. This is being recorded live in Youtube so you can easily go back to her youtube channel to see the entire episode.
[May 12, 11:22 AM] Trevor: Perfect! Thanks so much!
[May 12, 11:23 AM] Chris: Amy, can you share that Wakelet again? I would like to share the ideas with colleagues :)
[May 12, 11:23 AM] Amy M. Burns: @Julie Yes. You can create multiple groups in Soundtrap so that they could find other students in other classes in their school.
[May 12, 11:23 AM] Amy M. Burns: @Chris https://wke.lt/w/s/Az5A2z
[May 12, 11:24 AM] Amy M. Burns: The wakelet is also pinned to the top of the chat. :)
[May 12, 11:25 AM] Julie: In Soundtrap, a teacher can only see the students' projective if 1) the teacher creates an assignment or 2) if the student invites the teacher to see their project. If a student creates a project on their own and does not invite the teacher, then the teacher cannot hear their project.

[May 12, 11:25 AM] Amy M. Burns: @Julie I am the admin on my Soundtrap, so I can go into their account to see their work.

[May 12, 11:26 AM] Amy M. Burns: If you use Soundtrap, it is helpful to be the administrator so you get all of the chat and you can monitor all of the activityl

[May 12, 11:26 AM] Julie: Huh, I am admin as well, but I can't see every students work. It could be how it was set up by my district though. I've notices discrepancies...

[May 12, 11:26 AM] Amy M. Burns: If you do go the Soundtrap route, ask your IT to be the admin.

[May 12, 11:27 AM] Laurie A: Amy - you might have to teach me how to go into their accounts! I'm new to SoundTrap this year and still learning

[May 12, 11:27 AM] Julie: Or maybe I'm just the "teacher" and not the "admin"

[May 12, 11:27 AM] Amy M. Burns: @Julie As admin, I have all of their accounts and logins, so I have to login into their account to see their work. In there, I share it to my admin account.

[May 12, 11:27 AM] monique T: They took the admin option off soundtrap in the ed version we use.

[May 12, 11:27 AM] Julie: Thanks! I'll ask about that.

[May 12, 11:28 AM] monique T: i used to be able to add students directly

[May 12, 11:28 AM] Julie: Hi Monique!

[May 12, 11:28 AM] Amy M. Burns: @Laurie Having them invite you to their songs is easier, but I do have the ability to go into their accounts and all of their chats are monitored by me. The video chat is turned off.

[May 12, 11:28 AM] monique T: how do you turn off video chat?

[May 12, 11:28 AM] Amy M. Burns: @Monique Go into the admin settings. They need to turn that back on for you.

[May 12, 11:29 AM] monique T: there is no admin settings : (

[May 12, 11:29 AM] Amy M. Burns: @Monique Does IT have your admin settings?

[May 12, 11:29 AM] Laurie A: I'll have to see if I am the admin or my tech team is since they are the ones that took care of the processing end of getting soundtrap. I do have them invite me if they started creating without actually clicking on my assignment which they've been doing this year

[May 12, 11:30 AM] Diane: Thank you for your answers, all!

[May 12, 11:30 AM] monique T: No IT doesn't have any idea about soundtrap

[May 12, 11:30 AM] Amy M. Burns: @Laurie it is good to check to see if that is the case. If you are admin, you will see it at the top of the project page.

[May 12, 11:31 AM] Chris: I did a similar lesson with my 8th graders, they had a blast!

[May 12, 11:31 AM] Amy M. Burns: @Monique You have the EDU version?

[May 12, 11:31 AM] monique T: The whole Admin EDU button is gone

[May 12, 11:31 AM] Amy M. Burns: @Monique It was there at one time?

[May 12, 11:31 AM] monique T: yes

[May 12, 11:31 AM] monique T: a year ago.

[May 12, 11:32 AM] Amy M. Burns: @Monique It could be that you are now a teacher and not the admin, or you could be back on the free version?

[May 12, 11:33 AM] monique T: no I am on the district Edu version

[May 12, 11:33 AM] Amy M. Burns: @Monique It sounds like the admin privileges went to someone in your district.

[May 12, 11:38 AM] Deanna: I was hoping to hear more about bandlab as I already am very familiar with Soundtrap. Does the EDU bandlab allow for teacher to make templates? And for me, the administrator to create folders with students work etc

[May 12, 11:38 AM] Amy M. Burns: A little tip about soundtrap muting multiple tracks at once: to unmute all, hold control/command and click any mute button. Same to unsolo all if you click the solo button.

[May 12, 11:38 AM] Julie: @amy - thanks soooo much!

[May 12, 11:39 AM] Amy M. Burns: @Deanna https://help.edu.bandlab.com/hc/en-us/articles/900001661923-How-do-I-create-an-Assignment-Template-

#:~:text=You%20can%20create%20templates%20to,corner%20of%20your%20main%20feed.&text=Fill%20
in%20the%20Title%20and,add%20attachments%20to%20the%20assignments.

[May 12, 11:39 AM] Deanna: @amy

[May 12, 11:39 AM] Becca F: This may be a newbie question, but how would you compose the melodies for these types of projects?

[May 12, 11:40 AM] Amy M. Burns: @Becca F You could input it in or record it in.

[May 12, 11:40 AM] Amy M. Burns: @Becca F record with a live instrument, or bring up the screen musical keyboard, like a piano, and play it in.

[May 12, 11:41 AM] Amy M. Burns: @Deanna Katie also has some tutorial links on the wakelet: https://wke.lt/w/s/Az5A2z

[May 12, 11:41 AM] Becca F: Ah, I forgot about the keyboard entry. Thanks!

[May 12, 11:41 AM] Michele Nicholas: This was greatly appreciated

[May 12, 11:41 AM] Jenn Jenkins: I had students on iPads, so they did window overview bc Garageband does not split screen. It worked . . .

[May 12, 11:42 AM] Amy M. Burns: PD certificate form https://midnightmusic.com.au/pdsoundtrap

[May 12, 11:42 AM] Kelli : Lots of great ideas thank you!

[May 12, 11:42 AM] Becca F: This was fantastic! So many great ideas! Thank you so much, Katie!

[May 12, 11:42 AM] Christine Hayes: Wonderful workshop! Thank you!

[May 12, 11:42 AM] Amy M. Burns: PD certificate form https://midnightmusic.com.au/pdsoundtrap

[May 12, 11:43 AM] Laura M: I saw some NY state people here, how did you get past ed law 2d? I can't convince my admin....

[May 12, 11:43 AM] Cindy: Thank you some great new ideas and also a few reminders of oldies but goodies...how did I forget about rap my name?

[May 12, 11:43 AM] monique T: THank you Katie and Amy! and all the input from all.

[May 12, 11:44 AM] Eva Kukielka: Could we do some storytelling/podcasting/film scoring directly in WeVideo or DaVinci Resolve?

[May 12, 11:44 AM] Jim K: Awesome ideas as usual! Thanks Katie and Amy! Looking forward to next month!

[May 12, 11:44 AM] Jenn Jenkins: @Cindy - I know! My students are working on Rap My Name now.

[May 12, 11:45 AM] Deanna: Thank you.

[May 12, 11:45 AM] Laurie A: Rap My Name is a great idea...definitely will try that one next year with Sound Trap!

[May 12, 11:45 AM] Jenn Jenkins: I have a student using BandLab, because they were issued a Chromebook and not an iPad.

[May 12, 11:46 AM] Jenn Jenkins: @Laurie - It can also connect with the Boom Snap Clap project. I have started with that then used that as their background beat for their Rap.

[May 12, 11:46 AM] Walênia : Thank you so much! 👏👏👏

[May 12, 11:47 AM] Laurie A: @Jenn great idea! Thanks! I may pick your brain on this one a little bit more!

[May 12, 11:47 AM] Meg C: Another wonderful session Katie and Amy :)

[May 12, 11:49 AM] Amy M. Burns: Thank you!!

[May 12, 11:49 AM] Dalmatinka: THANK YOU!!!!!

[May 12, 11:50 AM] Jenn Jenkins: @Laurie - We should get together over summer outside on the patio to brainstorm!

[May 12, 11:51 AM] Laurie A: @Jenn would love to do that!

[May 12, 11:51 AM] monique T: too funny! that name!

[May 12, 11:51 AM] Amy M. Burns: PD certificate form https://midnightmusic.com.au/pdsoundtrap

[May 12, 11:51 AM] Jennifer Bowler: Thank you Katie and Amy, I have to head out.

[May 12, 11:51 AM] monique T: how do you turn off video chat?
[May 12, 11:52 AM] monique T: Admin?
[May 12, 11:52 AM] Diane: Time to call it a night! Thank you very much!
[May 12, 11:52 AM] Amy M. Burns: @Monique Yes, in the admin
[May 12, 11:52 AM] Lori: Thanks again Amy and Katie. I always look forward to the email with the recording so I can pick up on the things I missed listening live. Take care all. Stay safe!
[May 12, 11:53 AM] Amy M. Burns: Thank you @Lori!
[May 12, 11:53 AM] Amy M. Burns: PD certificate form
https://midnightmusic.com.au/pdsoundtrap
[May 12, 11:53 AM] Laurie A: @Monique - when you log into Soundtrap, on the top, it should say Edu Admin, if you click on that, then on the left side there is a permissions menu and you can change the setting there for video chat
[May 12, 11:54 AM] monique T: yes that option is gone.
[May 12, 11:54 AM] monique T: it was just gone one day.
[May 12, 11:54 AM] Amy M. Burns: @Monique It sounds like someone has changed the permissions and took you off the admin.
[May 12, 11:55 AM] Jenn Jenkins: Hi Ella!
[May 12, 11:55 AM] Judith Ingram: Thank you Katie it was great now have lots of ideas to try.
[May 12, 11:57 AM] Kath M: I had to go and teach a class. I come back and this is still going. Hilarious. ...lol
[May 12, 11:57 AM] Eva Kukielka: Thank you! Great webinar (as always)!:)
[May 12, 11:57 AM] Jenn Jenkins: Thank you so much!
[May 12, 11:57 AM] Taara Portela: Thanks for your time and examples!
[May 12, 11:57 AM] missfritsch: Thank you so much! :)
[May 12, 11:58 AM] Jacqueline Chin: Thank you so much!
[May 12, 11:58 AM] Jenn Jenkins: She lasted for a while!
[May 12, 11:58 AM] Diana Wu: Thank you so much.
[May 12, 11:58 AM] Lynn: Thank you!
[May 12, 11:59 AM] Stefanie: Thank you so much!
[May 12, 11:59 AM] Heidi Langan: Love Ella! and thank you.
[May 12, 11:59 AM] Laurie A: Thank you so much Katie and Amy! Such great ideas! Definitely going to experiment more this summer.
[May 12, 11:59 AM] Jenn Jenkins: Some people have asked this - what do you suggest for people who don't have the same device as their students? How to work through the kinks?
[May 12, 11:59 AM] Julie: Thank you! Always a treat to come to your webinars.
[May 12, 12:00 PM] Stefanie: Ella is adorable!
[May 12, 12:03 PM] Kelli : yet!
[May 12, 12:03 PM] monique T: I do that. Ipads on garage band chrome books on soundtrap
[May 12, 12:03 PM] Laurie A: @Amy how do you go in...I am admin, but I don't know how to go into their accounts.
[May 12, 12:04 PM] Amy M. Burns: @Laurie I go into their accounts using their logins and passwords.
[May 12, 12:04 PM] Laurie A: Oh...I understand! Thanks!
[May 12, 12:04 PM] Sylvana Falcomatà Augustyniak: Thank you for a great Webinar.
[May 12, 12:04 PM] Sylvana Falcomatà Augustyniak: Looking forward to the next one!
[May 12, 12:04 PM] monique T: I will check again thanks Amy I have checked with soundtrap before they just told me to work around. Will try again!
[May 12, 12:04 PM] Jenn Jenkins: Absolutely. Digital citizenship.
[May 12, 12:05 PM] Theresa: Those are reassuring words to leave with - thanks Amy and Katie! I appreciate all you share and I try to keep up! Good night!
[May 12, 12:05 PM] Jenn Jenkins: I really like how BandLab is organized for the teacher.

[May 12, 12:06 PM] monique T: unless they open the assignment. It goes straight into your folder as teacher
[May 12, 12:06 PM] Taara Portela: If you create a template assignment you are automatically added as a collaborator
[May 12, 12:07 PM] monique T: I have students video chatting with each other at midnight.
[May 12, 12:07 PM] Jenn Jenkins: Where is the chat feature in BandLab?
[May 12, 12:07 PM] Jenn Jenkins: Nvm. I found it!
[May 12, 12:07 PM] Amy M. Burns: @monique I turn video chat on for class and turn it off after class.
[May 12, 12:08 PM] Jenn Jenkins: You have to click "collaborators" then the live chat button pops up.
[May 12, 12:08 PM] monique T: it's that pesky missing admin button!
[May 12, 12:08 PM] ann casem: Thank you so much Katie and Amy. Great learnings! Looking forward to another webinar.
[May 12, 12:08 PM] Jenn Jenkins: Night night! Thank you!
[May 12, 12:08 PM] Maria Martinez: Thank you!
[May 12, 12:08 PM] Becca F: Thank you both so much for everything!
[May 12, 12:08 PM] Laurie A: Thank you again! Have a great night!
